

September 13, 2018

Board of Trustees,

This 2018 Annual Report comprehensively describes how well Labette Community College (LCC) fulfilled its mission, "...to provide quality learning opportunities in a supportive environment for success in a changing world" during the year beginning July 1, 2017 through June 30, 2018.

The City of Parsons donated a 20,000 square foot speculative building, 1520 Flynn Drive in Parsons, to LCC in support of our career and technical education programs. Separately, through a generous, anonymous donation, the college was able to purchase the Factory Connections building at 1306 Main Street which will be used as a Welcome Center, classroom, and community events building. In addition, LCC students performed admirably both in our classrooms and activities. Most notably, 100% of the students in four Health Science programs: Dental Assistant, Respiratory Therapy, Radiography, and Nursing, passed their board exams which is a wonderful tribute to the students, faculty, and staff for their hard work. Finally, Labette and Cherokee Counties were designated as *Workready!* Communities which indicate a connection between education and employers who have an understanding that in order to have a strong workforce, quality education is needed to help people succeed in the workforce.

The following pages of this Annual Report begin with the Strategic Plan, a global perspective, originally created by the Board of Trustees, which includes LCC's five Core Values and accompanying outcomes. These plans were disaggregated into smaller, more manageable tasks outlined in the Operational Plans. Other important information includes various highlights, student perspectives recorded through student surveys, various club achievements, program reviews, Kansas Board of Regent's Performance Agreement report, LCC committee work, and the three year President's goals which were supported throughout the college.

The many accomplishments experienced here at LCC happened with the generous support of many internal and external stakeholders. This Annual Report is a reflection of support from the students, faculty, staff, administration, Board of Trustees, and contributing communities for which Labette Community College serves.

As always, thank you for your support.

Sincerely,

Mark Watkins
President

President's Message

As the ninth community college president since Labette Community College separated from the Parsons School District in 1966, I am excited to be a part of an educational institution which provides quality learning opportunities in a supportive environment for success in a changing world.

Together, we have an opportunity to improve college students' lives. Students come to us both eager and anxious, privileged and marginalized, hopeful and hesitant. In order to meet their needs, as well as the needs of our changing communities and markets, we must be innovative, inspirational, and relevant by establishing goals in support of our vision, mission, and core values.

Below is the beginning of our strategic intent to engage our students, staff, faculty, and administration. We will use Core Value Outcomes to navigate our future and gauge our success.

Thank you for your support, I appreciate it.

Mark Watkins

LABETTE COMMUNITY COLLEGE STRATEGIC PLAN 2017-2018

VISION STATEMENT

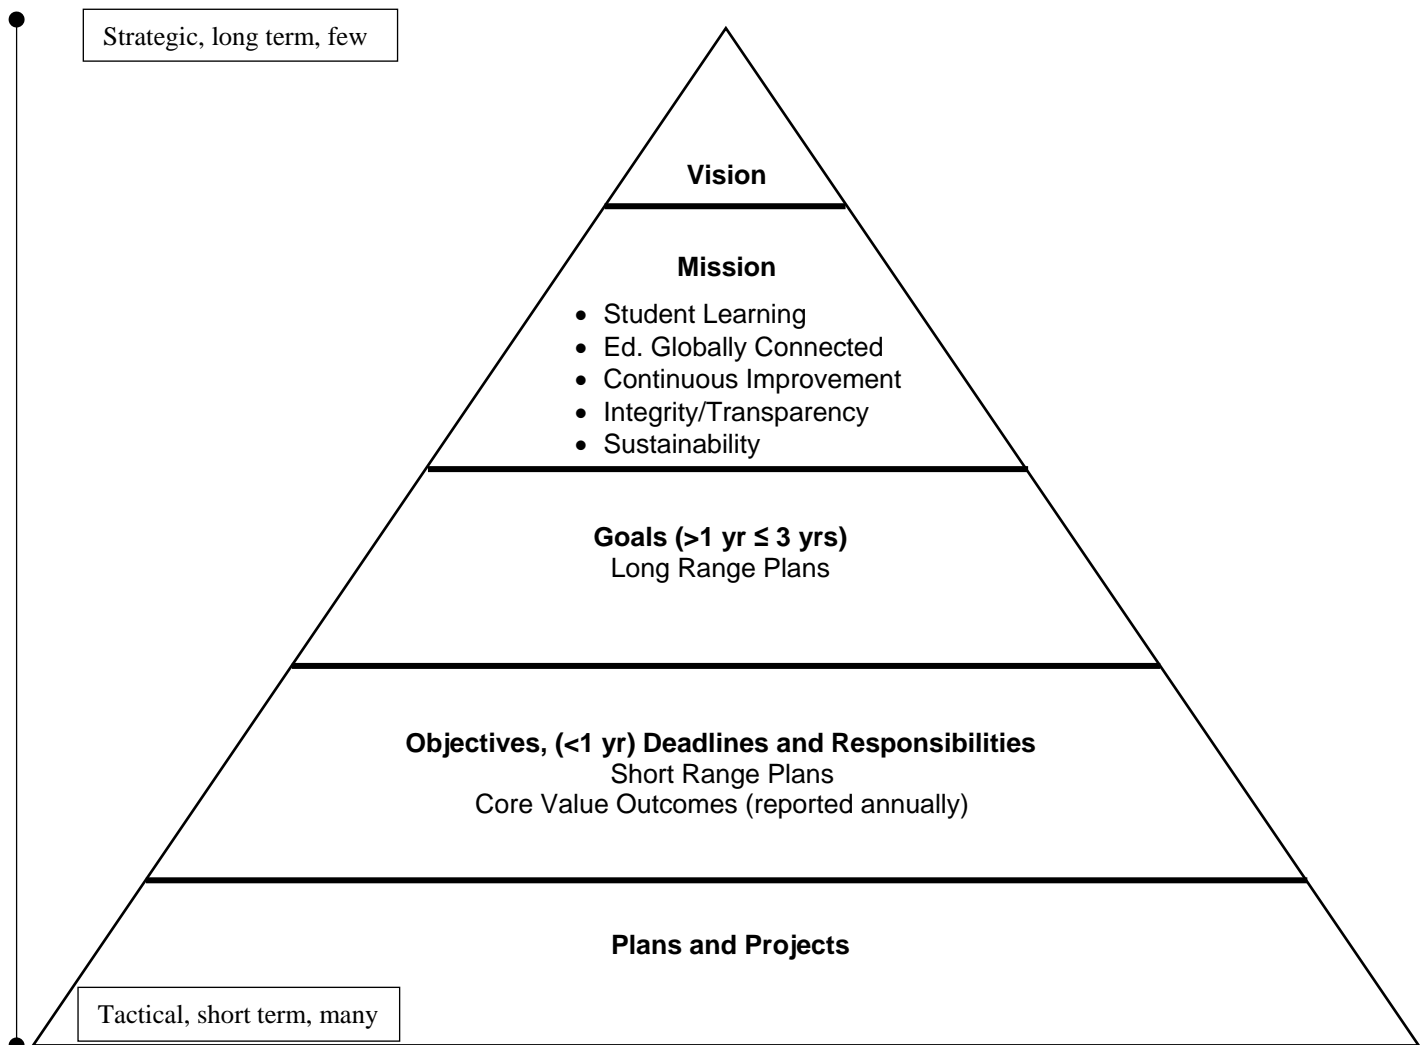

Labette Community College will continue to enhance its standing as an exceptional College by striving for excellence in all its programs, services, and activities.

MISSION STATEMENT

Labette Community College (LCC) provides quality learning opportunities in a supportive environment for success in a changing world.

Below is the Hierarchy of Strategic Intent which shows the relationships between global and more specific elements of LCC's strategy. The hierarchy construct is taken from the work of Alex Miller, University of Tennessee.

Labette Community College Hierarchy of Strategic Intent

Strategic Planning Process

Our strategic planning process is depicted below. The conceptual model provides a guide as to how LCC's five major areas (Academic Affairs, Financial Affairs, Student Affairs, Public Relations, and Foundation) satisfy our mission.

LCC's Core Values more clearly define our mission in terms of student learning, global connections, continuous improvement, integrity and transparency, and institutional sustainability. Core Values include more specific outcomes which are supported in the Operational Plans. In order to fulfill our community college mission, goals must be set and achieved. Goals are long term in nature taking anywhere from one to three years to accomplish which fit the term length of LCC's Operational Plans. In our case, these area goals such as, Academic Affairs or Student Affairs, are linked to the Core Values.

CORE VALUE OUTCOMES

Core Value 1: Student Learning: Labette Community College makes every effort to provide collegial programs and services by providing a caring and qualified faculty/staff to assist all students and community members in attaining the foundational skills and knowledge essential for success in work and in life, in a supportive and accountable environment.

President: Build “quality learning opportunities” for students in our service area and beyond. Emphasis should include new Career and Technical Educational (CTE) and Workforce opportunities. Look to partner with area business, industry, and educational institutions. Simultaneously, the quality of instruction is of the utmost importance; the foundation for which should be based upon research-based instruction.

Outcomes

1A. Cultivate a culture in which services, practices, policies, procedures, and personnel support learning as a major priority.

Academic Affairs

- Provide a full-time/adjunct instructor ratio that allows for the best learning opportunities for our students that our budget will allow.
- Assess all online courses over the next 3 years with the goal of ensuring quality, consistency, and improving retention.
- Develop and implement a CTE Faculty Forum for the purpose of sharing effective teaching techniques and methodology
- Support the college through full participation in committee work by Academic Affairs personnel and ensure committees are accomplishing their purpose statements.

Public Relations

- Create images in advertising which emulate student learning comes first at LCC.

1B. Strive to make the student’s experiences with LCC positive, nurturing, and focused on student learning and academic success.

Academic Affairs

- Support student clubs and organizations through supplemental contracts and ensure they are accomplishing their goals.

Finance & Operations

- Promote the new student housing and work to ensure the success of this project.
- Transition students and staff to guns being allowed on campus with the expiration of the exemption. Continue to seek opportunities to incorporate ALICE training.

Student Affairs

- Increase the percentage of Student Support Services participants who complete an Associate's Degree AND transfer to a four-year institution after graduation.

1C. Make accessible a variety of services and programs that address learning needs.

Academic Affairs

- Work cooperatively with the Eastern Kansas Adult Education Consortium to provide for the needs of our adult education students.
- Continue to find ways to bridge GED graduates with LCC courses leading to a certificate or degree.

Student Affairs

- Increase students applying for student financial aid.

Foundation & Alumni

- Continue to serve on Lunch & Learn Committee to enhance programming and foster this partnership between LCC and the Parsons Chamber of Commerce.

1D. Use technology to expand opportunities for student learning and student services.

Finance & Operations

- Complete the move for the library and increase hours for students to utilize the newly remodeled facility.

Foundation & Alumni

- Communicate with area hospitals and healthcare providers to seek donations of equipment they no longer use, due to recent upgrades, but that could be useful to LCC students for hands-on learning.

1E. Provide quality programs and services at the main campus, the Cherokee Center, all extension sites, and online.

Finance & Operations

- Carefully monitor changes made to the state funding formula to determine the best new programs and/or courses to develop in areas which will generate the most revenue.

Student Affairs

- Increase student life activities/student organizations on Main Campus and at the Cherokee Center.

Core Value 2: Education for a Globally Connected World: Labette Community College promotes the diversity in our communities and our world by valuing the dignity, worth, and potential of all persons; by using diverse delivery methods and evolving technology; and by improving the communities we serve through civic engagement opportunities.

President: Prepare our students for the interconnected, interdependent, and globally diverse society. For example, increase the number of “touch points” outside of our service area and into the national and international areas.

Co-mingle with the communities within our service area. For example,

1. Explore/implement new programs or educational opportunities which will benefit our service area.
2. Make the Main Campus and Cherokee Center available to community organizations, school groups, and activities
3. Since we at LCC believe our college is an important part of the community, county, and service area, LCC employees are encouraged to participate in community clubs and activities.
4. Add more program and institutional articulation agreements to strengthen LCC’s ties with state and regional universities.

Outcomes

2A. Improve and expand linkages with educational partners and community agencies for mutual benefit.

Academic Affairs

- Continue to strengthen our current SB 155 course offerings and encourage students to complete certificates/programs rather than just enroll in select courses. This will minimize the impact on Perkins Core Indicators.
- Continue to expand 2+2 Articulation Agreements and Reverse Transfer Agreements with colleges, expand course and program Articulation Agreements with high schools, and expand our relationships and partnerships with other institutions.
- Look for ways to be more collaborative with area community colleges, such as the utilization of IDL to provide greater access for low enrollment courses.
- Ensure our faculty and staff are as prepared as possible for the new law allowing guns to be concealed carried on campus beginning July 1, 2017.

Public Relations

- Engage community service organization with speaker’s bureau list.
- Work closely with other departments hosting on-campus events.

Foundation & Alumni

- Provide input to the renovation and usage plan for the newly acquired property at 13th & Main Street.

2B. Respond to the diverse learning needs of our community.

Academic Affairs

- Address the workforce training needs of our service area by offering technical and managerial training courses at their places of business or on our main campus, Cherokee Center, online or extension sites.
- Continue to strengthen our personal enrichment educational offerings in response to the needs of our community. Look for ways to have members of the community utilize our facilities to encourage community “buy in”.

Student Affairs

- Transition Talent Search grant objectives towards more student involvement in a rigorous curriculum that will open more scholarship opportunities for its participants.

Foundation & Alumni

- Work with GED program to find additional funding to help their students pay for exam costs.

2C. Increase the availability of skilled workers to meet the needs of the community and the State.

Academic Affairs

- Explore, develop, and implement new programs to support area businesses and industry needs, such as Welding, Computer Support Specialist and Social and Human Services Assistant Programs.
- Explore additional programs and course development opportunities to generate increased revenue and meet the needs of students, community, and state.
- Ensure all Career Technical Education programs utilize industry-recognized assessment tools, and that all programs fully participate in KBOR alignment opportunities when scheduled to do so.

Public Relations

- Market career technical programs and CTE training through targeted efforts to gain student enrollment.

2D. Engage students in contributing to the well-being of their community through community service.

2E. Offer a variety of online and on-ground courses at the main campus, the Cherokee Center and all extension sites to best meet the needs of our students.

Academic Affairs

- Assist with efforts to develop specific programs for our students housed on campus during the school year and summer session.
- Expand our online offerings to high school students as concurrent offerings. Provide course development opportunities to add and improve course offerings and delivery methods to meet the needs of our program and students.

Finance & Operations

- Continue to promote and grow the Cherokee Center.

Core Value 3: Continuous Improvement: Labette Community College strives for continual institutional improvement through strategic planning, program and department reviews, outcome assessments, professional development, performance agreements, policy and procedure updates, and campus environment enhancement.

President: Look for areas in need of improvement in academic affairs, student affairs, and financial affairs. When an area in need of improvement is identified, set and meet a goal to indicate improvement in that area. Be intentional about transitioning from an “institutional research” model to an “institutional effectiveness” model as deemed by the HLC Reaffirmation Review. For example,

- Utilize Program Outcomes’ data to make improvements in each of LCC’s academic programs.
- Survey students, employees, and members of our service area about their perceptions of LCC and implement methods for improvement.

All LCC employees are encouraged to read articles about research-based teaching strategies in classrooms, effective use of college activities, or best practices and benchmarks we could incorporate in our processes.

Outcomes

3A. Improve the system of defining and assessing student learning outcomes.

Academic Affairs

- Fully support the Accelerated English Learning course as a new way of moving our remedial English students through the course sequence and assess its success.

3B. Hire, develop, support, and empower employees throughout the organization who take an active role in student learning and success.

Student Affairs

- Transition to a full-time athletic director to manage our athletic programs, facilities, and fundraising efforts.

3C. Offer and support professional development programs and opportunities to enhance faculty and staff effectiveness as facilitators of learning and strengthen leadership skills.

Academic Affairs

- Pilot a professional development day for Career and Technical faculty (including adjuncts) using Perkins money with the long range goal of including all faculty members.
- Explore with KBOR the idea of establishing regional professional development activities for career technical programs and creating a mentoring program/networking opportunities for similar community colleges.
- Provide for faculty growth through use of professional development funds.

Public Relations

- Attend NCMPR or other marketing conference to build networking and gain knowledge about new marketing trends

Foundation & Alumni

- Seek grants and other funding sources available for faculty and staff professional development.

3D. Improve the utilization of human, physical, technological, and fiscal resources.

Academic Affairs

- Provide a budget that supports the best possible learning opportunities for our students at the main campus, Cherokee Center, area high schools, and through hybrid, online and IDL offerings.
- Ensure the Academic Affairs office remains a viable, functioning unit fully in support of our mission statement as multiple retirements and open positions affect the infrastructure of this area of the college.
- Continue to be proactive in ways we can serve our students enrolled in Concurrent Enrollment Partnership courses at area high schools with the upcoming changes to faculty requirements from HLC occurring September 1, 2017.
- Prepare for possible encroachment by PSU and Butler Community College into our concurrent service area. To be proactive, we will further clarify concurrent faculty credentials through transcript review, CIP codes, and the utilization of experience in lieu of a few credit hours. We will also look for creative ways to provide greater access for concurrent enrollment, such as increased collaboration between community college instructors and concurrent teachers in courses such as A&P.
- Ensure that our library continues to provide adequate services and learning to support our students and staff.

Finance & Operations

- Evaluate internal processes and procedures to maximize efficiency and productivity.
- Identify areas for deferred maintenance needs to make plans to prioritize and address these issues.
- With the expansion of our campus facilities it will be necessary to hire an additional custodian to keep up with the cleaning and maintenance of our facilities.

Student Affairs

- Focus attention on Phase 2 of our Capital Campaign which is the addition of enhanced athletic facilities, including a new facility and renovation of the current facility.

Public Relations

- Replace digital camera if needed (move to FY19 needed)

Foundation & Alumni

- Continue working on successfully completing the Athletic Complex Capital Campaign to renovate and expand our gym.

Core Value 4: Integrity and Transparency: Labette Community College operates in an environment of integrity and transparency through honest ethical practices, open communication, and accountability, for transactions with all constituencies.

President: Improve public access to consumer information regarding LCC data such as student retention, completion, gainful employment, student success stories, etc. For example, reduce the number of “clicks” to access these data (HLC Reaffirmation Review).

Publish and market program outcomes’ data to inform the public about the effectiveness of our programs.

Outcomes

4A. Improve tracking of and access to data to meet the needs of the institution and external contingencies.

Academic Affairs

- Prepare for our Mid-Cycle HLC Review in 2019 based on the information provided in our HLC Final Report issued in December, 2015.
- Prepare KBOR Performance Agreement approvals for LCC and Perkins Core Indicators of Performance for CTE Programs.
- Ensure academic program reviews accurately reflect the enrollment in our programs, the needs of our programs, and that the needs are pursued through the data on Perkins performance indicators, accreditation, and licensure exam pass rates when applicable.

Finance & Operations

- With the increased information requested by the Kansas Board of Regents and the increasing internal reporting needs it is critical that we add an institutional Report Writer position to the IT department and shift our focus to an institutional effectiveness model.

Public Relations

- Update tracking system of Public Relations requests (done, on-going)

4B. Promote responsible stewardship of resources and public trust.

Academic Affairs

- Explore adding courses that will enhance our Exercise Science program and support the enhanced athletic facility once it is completed.
- Explore continuing education opportunities to maximize facility use and revenue generating opportunities for the health sciences.

Finance & Operations

- Carefully analyze all expenditures to make reductions wherever feasible.

Public Relations

- Marketing materials which show transparency of funding.

Foundation & Alumni

- Continue to foster good relationships with donors to ensure their trust.

4C. Enhance the college image to stakeholders to generate business and community support by communicating the value and benefit of the college.

Public Relations

- Add social media platform
- Increase target marketing and advertising for Exercise Science program
- Redesign of viewbooks
- Increase advertising in social media and digital marketing
- Advertise additional hours/services for use for community and/or dorm students.

Foundation & Alumni

- Work with LCC Public Relations department to publicize the scholarships that are awarded annually from the Foundation and any other good news.

4D. Strengthen internal communication practices.

Core Value 5: Sustainability of the Institution: Labette Community College encourages innovation and personal growth, maintains financial accountability, supports student retention and success, and plans strategically for the future, while adhering to state, federal, and governing agency guidelines.

President: Focus attention on Phase II of our Capital Campaign in support of enhanced athletic facilities.

Implement strategies and tactics to achieve 100% occupancy rates for the new student housing during both the fall and spring semesters. For example, investigate the possibility of adding an international student endeavor or program designed to attract international college students.

Identify areas for deferred maintenance needs and make plans to prioritize and complete these projects.

Outcomes

5A. Achieve targeted growth through an integrated enrollment management process.

Student Affairs

- Increase enrollment through new programs, enhanced recruitment efforts, and new partnerships.
- Increase the number of students earning degrees and certificates.

5B. Enhance student opportunities through increased scholarships and endowments.

Academic Affairs

- Pursue establishing a Health Sciences Technology and Endowment Fund to meet the growing needs for technology and equipment in the Health Sciences.
- Develop and implement a long range plan to replace and upgrade equipment and technology for health care programs.

Finance & Operations

- Assist in any way possible with Phase II of the Capital Campaign to enhance our athletic facility.

Public Relations

- Promote annual scholarship auction
- Acquire donations, decorations, and event planning for annual scholarship auction.

Foundation & Alumni

- Communicate fundraising policy and process better to employees and student organizations.

5C. Enhance the economic, academic, and social environment of the college to recruit and retain quality employees.

Foundation & Alumni

- Endeavor to improve Auction for Scholarships
- Seek new endowed scholarship donors
- Look for ways to fund improvements to campus building interiors and curb appeal

Public Relations

- Spotlight on Outstanding Cardinal-create internal employee synergy

- Bruce Bowles and Cheryl Smith have been involved with the KMNI (Kansas Military Nurse Initiative) through KBOR. We are working with other nursing faculty from Universities and Community Colleges in the state to come up with a state-wide articulation plan that will give credit for prior learning to the Army Medic (68Whiskey) for those wanting to enter a nursing program. The group, at which LCC was the only consistent Community College present, was tasked with doing a gap analysis between the 68W curriculum and the basic curriculum for Health Assessment and/or Fundamentals of Nursing in our nursing programs and then coming up with the actual content to be taught in a sort of bridge course so that the 68W could join our program having skipped some of the content that would have been duplicated between the two programs. The gap analysis is complete and we have until April 27th to submit the content we were assigned. This collaborative is a first of its kind in the nation, as Kansas will be the first state to offer a state-wide articulation for the 68W. Individual institutions in other states have done similar things, but never and entire state.

- Psychology students did various research projects such as:
 - Project #1. Developmental Psychology: Wellness week was a give back to the community project. The week had a lot of fun activities, including Motivational Monday, Tell Us Tuesday, We Hear You Wednesday, Thirsty Thursday, Friendly Friday, and Fun Day 5k. Students split into groups and participated in the activities. On Motivational Monday 1500 sugar cookies were distributed to everyone on campus. The cookies were placed in baggies with different quotes to make a person's day better. Tell Us Tuesday was about people expressing their feelings about themselves or others on papers, posters, and sticky notes. The sticky notes were hung up all over campus. We Hear You Wednesday students from the Developmental class painted their faces with different disorders and all wore a shirt that had related facts on the back of their shirts. Monica Simpson from Community Mental Health was invited to campus and gave a brief lecture over some disorders and what students can do to help. Thirsty Thursday A grim reaper went to the Developmental Psychology students' classrooms throughout the day and tapped students on the shoulder this essentially meant the students were "dead" for the day because they were killed by a drunk driver. The participating students could not speak the rest of the day while on campus. Friendly Friday student from the Developmental Psychology class participated in a random act of kindness. Some of the random acts included visiting nursing homes, walking dogs, having lunch with grandparents, cleaning up the highway, and just helping the community out. Saturday Fun Day 5k was a fun day, celebrating lost veterans to raise money for Mission 22. Over \$1500.00 was raised for Mission 22; the activity was viral and not only happened in Parsons but across the nation as well
 - Project #2. General Psychology: Focus gum and Control gum. The Focus Gum experiment was meant to test whether or not students would receive higher scores during testing when chewing the "special" Focus Gum they had been told would help improve their memory and performance during any type of exam. They were given a pre- and post-test one with a control piece of gum and then the other with the Focus Gum. The group tested students ranging from 18-29 and of these students only 11% of them noted they felt the Gum had improved their performance which is enough to look into study further; however it is not enough to support the hypothesis that states, "While chewing the Focus Gum you will recall information more easily than if you are chewing the control gum.
 - Project #3 Altruism, General Psychology: Altruism is the principle or practice of unselfish concern for or devotion to the welfare of others. In their research students wanted to see how many males and females would help someone who dropped their books. In the experiment students had multiple people drop books and see who would help pick up the books. Out of 34 students only 16 of them helped pick up the books and of those 16, 11 were male and the remaining 5 were female. Of the 18 that did not

- help 13 were male and 5 were female. Over all they concluded that males were more inclined to help as well as those in smaller groups. The results demonstrated that males helped more than the females so their hypothesis was wrong. Their hypothesis was: h_1 if females and males are presented with opportunity to help then females will help more than males.
- Project #4. Developmental Psychology students researched Cells Phones and Procrastination. Students believed that cell phone use is related to procrastination across the lifespan but especially in younger groups. In their results students surveyed 220 people and found that 87% of people in the younger age group (below 26 years old) said that cell phones contributed to procrastination. Rather than people in the older age group (above 26 years old) that reported 60% percent thought phones contributed to procrastination. Students also reported there are different apps a person could use to stay on task and not procrastinate. Student reported that students report receiving on average 12 texts an hour, not including SnapChats or Youtube video viewing. Their hypothesis was: h_1 if a person spends more than four hours on their phone, then the person is more likely to procrastinate.
 - Project #5, General Psychology, students were interested to know how the fear may have affected the individual as they aged. To investigate this students created a survey asking students about their fears. Of those surveyed the four top most fears where of the dark, heights, spiders, and clowns. When they asked at what age did the respondents notice their fear? They found that about 61% first noticed their fear between ages 4-7. When asked how these fears affected them when they were a child? 5% said it was trivial, 8% said it was tolerable, 50% said it was manageable, 29% said it was uncomfortable, and 8% said it was paralyzing. When respondents were asked as an adult how their affects them, 27% said it is trivial, 26% said it is tolerable, 32% said it is manageable, 12% said it is uncomfortable, and 3% said it was paralyzing. Their results suggest that as people age they build a tolerance to their fears. Students believed, when people grow up to be an adult, they aren't as scared as when a child because the person is thinking about different things rather than what one thinks about as a child. Fears tend to become more realistic as an adult than it is as a child. Their hypothesis was: h_1 if children experience fear during childhood then their fear will persist into adulthood?
 - Staff was recognized by name by several advisees in both College Success Skills course assignments for a "job well done" and within the Commencement Program in students' "final quotes" attributing their success to the help of the staff.
 - Honored the following students as Tutors of the Year in recognition of their contributions to LCC's Peer Tutoring Program: Noahlana Monzon and Emmalee Handshy

FY 2018

ACADEMIC AFFAIRS

CORE VALUE 1

OUTCOME 1A

Core Value 1: Student Learning: Labette Community College makes every effort to provide collegial programs and services by providing a caring and qualified faculty/staff to assist all students and community members in attaining the foundational skills and knowledge essential for success in work and in life, in a supportive and accountable environment.

Outcome 1A: Cultivate a culture in which services, practices, policies, procedures, and personnel support learning as a major priority.

Chemistry/Physical Science Department

Objective 1	Continue to improve notebooks used in six courses; Physical Science, Introduction to Chemistry, College Chemistry I, College Chemistry II, Organic Chemistry I, and Organic Chemistry II.	
Estimated Cost	Existing Money \$	New Money One Time \$
	Grant Funded \$	New Money Ongoing \$
	Department Budget:	Student Fees (New/Existing) \$
Exp. Completion	Prior to each offering of each course	
Results	Major changes in the notebooks for Organic Chemistry I & II. Minor changes for College Chemistry I & II. Physical Science and Introduction to Chemistry still need some work.	
Comments		

Chemistry/Physical Science Department

Objective 2	Revise as needed previous in-house videos.	
Estimated Cost	Existing Money \$	New Money One Time \$
	Grant Funded \$	New Money Ongoing \$
	Department Budget:	Student Fees (New/Existing) \$
Exp. Completion	Fall, 2016	
Results	Only small corrections were made to videos. Videos were instrumental in the first offering of College Chemistry II as a hybrid course during the Spring, 2018 semester.	
Comments	The hybrid class overall went well.	

Library

Objective 1	Investigate hiring an additional staff member or card swipe to increase the hours of operation.	
Estimated Cost	Existing Money \$	New Money One Time \$
	Grant Funded \$	New Money Ongoing \$
	Department Budget:	Student Fees (New/Existing) \$
Exp. Completion	December 2017	
Results	The IT, Maintenance and Library departments have begun the investigation of the card swipe system. There are still renovations that have to be made before the system is installed but it is moving forward. It was decided to go with the card swipe option. The new system is scheduled to be piloted during the summer of 2018.	
Comments		

Social Science

Objective 1	Utilize Open Educational Resources	
Estimated Cost	Existing Money \$	New Money One Time \$
	Grant Funded \$	New Money Ongoing \$
	Department Budget: <\$40	Student Fees (New/Existing) \$
Exp. Completion	Ongoing	
Results	Students overall are pleased with the choice of OER digital textbooks. The results for concurrent and adjunct faculty is mixed. Concurrent seem pleased though some adjunct faculty are not pleased given the use of the	

	textbook chosen requires then to do additional work. OER Textbooks are utilized for General Psychology and Developmental Psychology. OER Sociology textbooks lack significant peer review and thus, are not used. Additionally, the BVT/Mind Tap publishing company is publisher that the department is considering given they have textbooks both electronic and print versions that are comparable in cost to the print versions LCC offers for the OER textbooks from Phil. The cost of textbooks range from \$20.00 to \$70.00 (this cost includes both electronic and print versions, as well as supplemental materials). The benefits of BVT is the student has the option of choosing the format they prefer to learn from. However, once the cost goes to the LCC Bookstore there is a 30% markup which is significant.

	Department Budget:	Student Fees (New/Existing) \$0
Exp. Completion	FY18	
Results	Graphic design students developed logo, t-shirt, and poster designs for the Public Relations class service learning project. GDT also students developed designs for the LCC billboard on South Highway 59.	
Comments	Public Relations students select a service learning project or projects to benefit the LCC campus community and/or the Parsons community. The project(s) focus on local non-profit organizations or “good causes.”	

Dental Assistant

Objective 1	Continue taking students to KMOM, a free dental clinic put on by Kansas Mission of Mercy each year.	
Estimated Cost	Existing Money \$400	New Money One Time \$
	Grant Funded \$	New Money Ongoing \$
	Department Budget: Dental Assisting Club	Student Fees (New/Existing) \$
Exp. Completion	Ongoing	
Results	Completed-ongoing	
Comments	This hands-on fieldtrip enables the students see the vast need for dental services. All students attended in Feb 2018.	
Objective 2	Continue assisting CHCSEK with dental screenings at local elementary schools and elder care visits.	
Estimated Cost	Existing Money \$ 0	New Money One Time \$
	Grant Funded \$	New Money Ongoing \$
	Department Budget:	Student Fees (New/Existing) \$
Exp. Completion	Ongoing	
Results	Completed-ongoing	
Comments	These activities will continue to strengthen the relationship between LCC and CHCSEK. Assisted a screening at Riverton School District on January 22, 2018.	

Physical Therapist Assistant

Objective 1	Explore community activities for students to engage in, eg. SKILL, balance screening, Nursing Home	
Estimated Cost	Existing Money \$	New Money One Time \$
	Grant Funded \$	New Money Ongoing \$
	Department Budget:	Student Fees (New/Existing) \$
Exp. Completion	FY 18	
Results	The PTA has provided balance screenings to the community. Our attendance has been very low. We have worked with PR to advertise the event. We will continue to explore methods of advertising the event. We screened 5 people this year and they greatly appreciated the information that was provided to them. No expenses from the department. PR may have spent some money on printing of flyer.	
Comments	May need student fund raiser to assist in community activities.	

Radiography

Objective 1	Increase community awareness of diversity through informative activities and programs.	
Estimated Cost	Existing Money \$0	New Money One Time \$0
	Grant Funded \$0	New Money Ongoing \$0
	Department Budget: \$0	Student Fees (New/Existing) \$0
Exp. Completion	Completed: Breast Cancer Spring 2017 & Fall 2018 & Heart Awareness Fall 2018	
Results	The Radiography Club hosted a Breast Cancer Awareness night with the LCC Volleyball Team and the LCC Men's and Woman's Basketball Team on October 13, 2017 & February 14, 2018. Our club collaborated with Mercy Health Systems and hosted a diabetes booth for the Heart Awareness booth on October 7, 2017. These events allowed our students to participate in community awareness for these diseases with the emphasis of cultural diversity.	
Comments	Ongoing for Radiography Club participation.	

Social Science

Objective 2	Explore possibilities of incorporating and or expanding service learning into Social Sciences Courses, including the idea of instituting an LCC Day of Community Service.	
Estimated Cost	Existing Money \$	New Money One Time \$

	Grant Funded \$	New Money Ongoing \$
	Department Budget:	Student Fees (New/Existing) \$
Exp. Completion	FY2019	
Results	Psychology has developed positive relationships with concurrent faculty; in 2016 partnered with local elementary school on a research project, 2017 partnered with local elementary school in Independence on a community project for campus. Invited all adjunct and concurrent faculty to attend luncheon to update psychology syllabi. Concurrent faculty participated.	

Outcome 2D: Engage students in contributing to the well-being of their community through community service.

Admissions

Objective 1	Create New and different community service project for Student Ambassador Organization.

Outcome 2E: Offer a variety of online and on-ground courses at the main campus, the Cherokee Center and all extension sites to best meet the needs of our students.

Concurrent/Extension

Objective 1	Adapt A&P, Biology, and Chemistry courses for hybrid modes. LCC faculty would be the instructor on record, the high school instructor would supervise the labs at the high school. Begin with LCHS and Baxter Springs	
Estimated Cost	Existing Money \$	New Money One Time \$
	Grant Funded \$	New Money Ongoing \$
	Department Budget:	Student Fees (New/Existing) \$
Exp. Completion	Spring 2018	
Results	Successful implementation—one lab instructor has submitted a credentialing plan to take over the didactic portion next year. The other instructor has moved to private industry, but the course was successful.	
Comments		
Objective 2	Develop additional high school pathways. Implement Education pathway with Parsons High School with Kirbie Howard.	
Estimated Cost	Existing Money \$	New Money One Time \$
	Grant Funded \$	New Money Ongoing \$
	Department Budget:	Student Fees (New/Existing) \$
Exp. Completion	Spring 2018	
Results	Ms. Howard left USD 503 so this pathway was not implemented due to lack of a credentialed instructor.	
Comments	As coordinator for concurrent/dual credit enrollment, due to the enormous amount of time I spend advising students on campus, I don't typically handle "Extension" coursework that is open to the public.	

Sonography

Objective 1	Outcome 3: We have a program accreditation renewal. I am not sure of the pricing due to first renewal for the program. We will probably have a site visit.
--------------------	--

Estimated Cost	Existing Money \$	New Money One Time \$2500.00
	Grant Funded \$	New Money Ongoing \$
	Department Budget:	Student Fees (New/Existing) \$
Exp. Completion	March 16, 2018 meeting	
Results	The site visit went well. We submitted all updates and received approval at the March 16 th meeting. We were approved for five years. This is the max we could be awarded.	
Comments

Estimated Cost	Existing Money \$0	New Money One Time \$0
	Grant Funded \$0	New Money Ongoing \$0
	Department Budget: None	Student Fees (New/Existing) \$0
Exp. Completion	FY 18	
Results	Revision of program curriculum has been accomplished, but the revision of course outcomes is still in progress.	
Comments	Ongoing	

Nursing

Objective 1	Implement a well-defined assessment of patient-care simulation to assess student learning outcomes and program outcomes. Make efforts to increase simulation within the nursing curriculum by 20% to promote evidence-based learning/practice in compliance with the National League of Nursing Simulation research study (2014) by adding one (1) part-time master’s prepared dedicated clinical instructor for simulation.	
Estimated Cost	Existing Money \$	New Money One Time \$
	Grant Funded \$	New Money Ongoing \$20,000 part-time clinical

		faculty
	Department Budget:	Student Fees (New/Existing) \$ 10,000 Technology Replacement
Exp. Completion	FY18	
Results	Complete, added a BSN prepared part-time clinical instructor.	
Comments	Compliance with ACEN for full and part-time clinical faculty who are MSN prepared.	
Objective 2	Develop a technology replacement schedule for the Simulation Center high-fidelity manikins to be used in the Simulation Center, classroom, or community locations.	
Estimated Cost	Existing Money \$	New Money One Time \$
	Grant Funded \$	New Money Ongoing \$ Unknown
	Department Budget:	Student Fees (New/Existing) \$
Exp. Completion	FY18	
Results	Not Complete	
Comments	Some type of nursing program technology replacement plan is needed to ensure attainment of program outcomes as established by NCSBN, KBOR, KSBN, and ACEN.	

Radiography

Objective 1	Purchase Surface Tablets for Program Director and Faculty for clinical visits.	
Estimated Cost	Existing Money \$0	New Money One Time \$0
	Grant Funded \$2000.00 Perkins	New Money Ongoing \$0
	Department Budget: \$0	Student Fees (New/Existing) \$0
Exp. Completion	Completed: Spring 2018	
Results	3-Pro Surfaces were purchased this year and they were piloted by faculty in the clinical facilities. These devices allow faculty to be prompt with their record keeping and faculty are able to retrieve student's clinical records for evaluating student's progression with their competency skills. This allowed immediate feedback for our students to become more clinically competent.	
Comments	Continue to convert clinical documents to the required electronic format needed for these devices.	

Outcome 3B: Hire, develop, support, and empower employees throughout the organization who take an active role in student learning and success.

CTE

Objective 1	Evaluate the need for a Health Care Adviser/Recruiter	
Estimated Cost	Existing Money \$	New Money One Time \$
	Grant Funded \$	New Money Ongoing \$
	Department Budget: Perkins	Student Fees (New/Existing) \$
Exp. Completion	FY18	
Results	The administration decided to support this initiative and the Board approved it. Perkins funds will be used to fund the Recruiting position the first year, then pay 2/3 second year and 1/3 the third year. The administration also decided to compensate the Health Science Assistant to advise students.	
Comments	Ross Harper has been hired beginning in July to be the CTE Recruiter.	

Distance Education

Objective 1	The Distance Ed Committee will continue to review and revise components of the Online Handbook and the Online Teaching course to reflect up to date online practices and new innovations in the online environment to support and empower instructions.

Estimated Cost	Existing Money \$	New Money One Time \$
	Grant Funded \$	New Money Ongoing \$
	Department Budget:	Student Fees (New/Existing) \$
Exp. Completion	Ongoing	
Results	Tools for current students to complete for immediate feedback have been implemented. We have also utilized an end of course survey at the suggestion of CAPTE. We also utilize graduate survey. The graduate survey return rate is very low. We are exploring methods to acquire greater returns. The survey is available electronically and graduates are informed through electronic means via email and social media, but return rate remains very low. The information that we do receive has been very positive.

Estimated Cost	Existing Money \$	New Money One Time \$
	Grant Funded \$	New Money Ongoing \$
	Department Budget:	Student Fees (New/Existing) \$
Exp. Completion	FY 18	
Results	We have explored the use of the science /anatomy section of the TEAS as another data point in the application process. We have limited data available to verify this is a valid point. We will continue to collect this data in an attempt to verify validity. Another area being explored is using the GPA for all prerequisite courses. This will require us to push the notification date to late May to allow for the completion of Spring courses. No cost.	
Comments	More objective data would assist in the selection process of PTA students to the program	

STUDENT AFFAIRS**CORE VALUE 5****OUTCOME 5A**

Core Value 5: Sustainability of the Institution: Labette Community College encourages innovation and personal growth, maintains financial accountability, supports student retention and success, and plans strategically for the future, while adhering to state, federal, and governing agency guidelines.

Outcome 5A: Achieve targeted growth through an integrated enrollment management process.

Student Support Services

Objective 1	Implement strategies to target and track students who are nearing graduation to improve the rates at which they graduate from LCC and transfer to four-year schools

Labette Community College Performance Report AY 2017

Indicator 1: Increase the first to second year retention rates of first-time, full-time college ready freshmen

Description: We chose to continue to report on this indicator because it specifically addresses the retention efforts to meet the portion of our mission statement regarding "... providing a supportive environment for success..." Our expectation is to continue our positive retention trend by keeping students engaged in the classroom and on campus from year to year.

Outcome/Results: We were not successful with our efforts to improve from the baseline. We have had a decline in the number of students in our health science programs over the past two years which has led to the decline in retention. Additional efforts are being made to provide assistance to health science students who are not successfully passing exams throughout the semester. Increased efforts are being made to recruit more applicants for the health science programs so higher quality applicants are admitted into the programs. We have hired a health science recruiter/advisor beginning July 1 to assist with this effort.

Indicator 2: Increase the number of certificates and degrees awarded

Description: This indicator was selected to ensure that we keep our focus on increasing the number of higher education completers. We will accomplish this indicator by having our advisors increase efforts to ensure those eligible to complete certificates do so, as they pursue their AAS degree, giving students a sense of accomplishment along the way. The Registrar's Office will add transfer courses to LCC transcripts as soon as official transcripts are received rather than waiting for the student to complete a Degree Check Request form. Students and advisors now have the ability to determine exactly how close the student is to completing their degree or certificate. This knowledge should help students nearing completion to finish.

Outcome/Results: We were not successful in our efforts to improve from the baseline. Labette Community College experienced a decline in student headcount and therefore the number students eligible to graduate with degrees and certificates declined. We have increased our communication with students who may be eligible for graduation as well as provided additional training and information for academic advisors regarding the graduation process.

Indicator 3: Increase the % of students successfully completing English Composition I.

Description: We chose this indicator because it relates to the portion of our mission statement "...preparing students for success in a changing world". It allows us to focus on LCC student improvement in writing. Our baseline from AY2014 – AY2016 show we had 1,305 students take our English Composition I course and 928, or 71.1% of them, successfully completed the course. Students who didn't complete the course were not included in these numbers. Successful completion is defined as passing the course with the grade of "C" (70%) or higher.

Outcome/Results: Directional improvement from the baseline was demonstrated. This is the first time this indicator is being used. We needed to change the way we measure our students' writing ability due to the CAAP test no longer being given. BAASC approved the change to this indicator at their May, 2018 meeting. We plan to continue with this indicator as we believe it assesses student writing appropriately.

Indicator 4: Increase retention rate of academically unprepared students who participate in our Student Support Services program

Description: We chose to continue this indicator due to the large number of underprepared students at LCC. The program we have in place to provide academic support to underprepared students is our Student Support Services (SSS) Program, which is a TRIO Program funded by the U.S. Department of Education. Underprepared is defined as placement in at least one developmental course, earning failing grades in high school, limited English proficiency, or those having a G.E.D. rather than a high school diploma. Participation in the SSS program requires students to be eligible as prescribed by the U.S. Department of Education. Each participant must also demonstrate a need for academic support. Those who meet minimum eligibility requirements are referred to the SSS Program Director. Students in the SSS Program participate in interventions spearheaded by full-time academic advisors who follow a prescribed advising model tailored for each participant's academic needs and goals. The SSS Director collects data concerning student academic progress including enrollment data, GPA, graduation, and transfer information and provides this information to the Department of Education.

Outcome/Results: Directional improvement from the baseline was again demonstrated. Through the application of intensive, intrusive academic advising, SSS advisors have been able to design interventions for the targeted populations. These interventions include activities such as supplemental instruction, goal setting, and a strengths-based approach to improving student persistence. The largest gains as a result of these interventions have been in the number of students identified as academically unprepared at the time of their program intake who have successfully completed associate degrees. SSS advisors have also noted an upward trend in these students gaining admission into the competitive-entry health science programs offered at LCC.

Indicator 5: Increase % of students employed in a related field and/or continuing their education within one year of successfully completing any of our Health Career Programs

Description: We chose to continue this indicator because of the great reputation of our Health Career Programs. Our baseline from AY2013 – AY2015 shows we had 280 students complete a Health Career Program and of these, 249 (88.9%) were either employed in a related field or were continuing their education. Students graduating from our six Health Career programs represent 80% of the graduates from all of our Career Technical Education (CTE) programs combined. We plan to increase the employment career fair opportunities and recruiting visits, and also to increase the number of clinical sites used. Data is provided by Program Directors to their respective accrediting agencies.

Outcome/Results: Directional improvement from the baseline was again demonstrated. Our two largest health care programs, nursing and radiography, reported 100% placement in related employment and/or continuing education for their graduates. The other 4 programs reported between 83% and 96%,

Indicator 6: Increase three year graduation rates of college ready cohort

Description: We chose to continue reporting on this indicator to keep our focus on increasing retention resulting in increased graduation rates. In spring, 2016 LCC created an Advising Center next to our Admissions Department so students can be advised and enroll in one location, as well as learn more about the FAFSA and other resources the college has to offer. Timely feedback from faculty through weekly progress reports in the Red Zone Learning System is a valuable tool to encourage retention in each course.

Outcome/Results: Directional improvement from the baseline was again demonstrated. The college continues to work with students requesting reverse transfer as well as students who left the institution prior to completing credits needed for graduation. Increased communication with students and advisors regarding the graduation process also assisted in this result.

COMMITTEE SUPPORT OF CORE VALUES FY 2018

CORE VALUE OUTCOMES

Core Value 1: Student Learning: Labette Community College makes every effort to provide collegial programs and services by providing a caring and qualified faculty/staff to assist all students and community members in attaining the foundational skills and knowledge essential for success in work and in life, in a supportive and accountable environment.

Outcomes

A. Cultivate a culture in which services, practices, policies, procedures, and personnel support learning as a major priority.

Curriculum & Instruction Committee:

- a. *The C&I committee reviewed curriculum to ensure appropriate learning strategies were being applied in academic courses, and aligned academic content with academic standards. The committee also evaluated course and/or program level outcomes and competencies and ensured CTE programs were meeting KBOR Perkins eligibility requirements and credentialing agency requirements.*

Distance Education Committee:

- a. *The Distance Education Committee continued to have as a major component of each Committee Meeting the sharing of ideas, teaching strategies, and solutions to problems common to the online environment to include having a "Great Ideas For Teaching" presentation as an agenda item. Items included Online Meetings and the Test Analysis feature in RedZone, Jenzabar eLearning & Development Videos available for both Students and Instructors, Access features in RedZone, and the video "8 Lessons Learned from Teaching Online,"*
- b. *The Distance Ed Committee had a hyperlink to the Master Online Teaching Course placed in the Faculty Tab of RedZone. The link can be found on the "Faculty Handbooks and Forms" page in the "How To videos and Online Documentation" portlet. Instructors can find at this link a synopsis of the EDUC 149 Online Teaching course along with all the Instructional Handouts associated with the course.*

Library Committee:

- a. *The members of the Library Committee advise and suggest ways to improve existing library services and offer suggestions for new ones.*
- b. *The members of the Library Committee advocate for the library in their respective departments and groups.*

Open Educational Resources Committee:

- a. *The OER committee helps faculty identify and adopt inexpensive, high quality textbooks that lie outside the traditional textbook publishing framework, and so aids in education.*

Outcomes and Assessment Committee:

- a. *The Outcomes and Assessment Committee Completed the Report of Student Learning for FY17. It was presented and approved by the Board.*

Retention Committee:

- a. *Retention Committee addressed cut score policy as relates to math Accuplacer tests. Recommended lowering the threshold for students enrolling in MATH 096 Beginning Algebra to a score of 30 on the Elementary Algebra Accuplacer sub-test (current cut off is 40) in order to decrease the number of students who are required to take MATH 088 Foundations of Math.*

- B. *Strive to make the student's experiences with LCC positive, nurturing, and focused on student learning and academic success.*

Caring Cardinal Committee:

- a. *The C3 committee is focused on student needs around campus.*
 1. *The committee handed out free soda to new and old students during lunch.*
 2. *C3 is has raised on campus awareness and helps stock the shelves. Pack the pantry campaign.*
 3. *Multiple bags of candy was dispersed throughout the campus during Halloween.*
 4. *Stress balls were handed out to students during November stress relief week.*
 5. *Finals coffee bar to help take the edge off.*

Curriculum & Instruction Committee:

- a. *The C&I committee focused on student learning and academic success by reviewing catalog changes, revising course outcomes and competencies and aligning program processes.*

Distance Education Committee:

- a. *The Distance Education Committee reviews all new online courses developed by new instructors and offers recommendations to experienced instructors who seek the committees input on new online courses.*
- b. *The Distance Education Committee continued to review and when necessary make revisions to the Online Handbook, the Online Course Evaluation Rubric, the Guidelines For a Quality Online Course Rubric, and the Online Teaching Course.*
- c. *The Distance Ed Committee discussed the viability of on demand and work at your own pace courses.*
- d. *The Distance Ed Committee discussed means of increasing the number of online programs offered at LCC.*
- e. *The Distance Ed Committee investigated LCC's ADA compliance in their online programs.*

- f. *The Distance Ed Committee investigated means of improving student participation in the online surveys as part of the Instructor evaluation process and solicited suggestions.*
- g. *The Distance Education Committee discussed different possible means of improving retention.*

Diversity Committee:

- a. *The committee exists to promote the diversity of our service area and the world beyond. We support and encourage the discovery and learning about other cultures and viewpoints which hopefully lead the students to valuing the dignity, worth and potential found in all people. We also encourage the students to broaden their viewpoint, challenge and/or examine their own viewpoints and to make needed changes in those viewpoints for success in our changing world.*
- b. *The committee continues to support the Student Veterans Organization's and SALUTE's activities and efforts to honor students who are veterans and those currently serving actively or in reserves.*
- c. *The committee continues to support the Gay Straight Alliance activities and efforts to support the LGBTQI students and employees of LCC.*
- d. *The committee has begun making plans for an agricultural field trip for students.*

Library Committee:

- a. *The Library Committee awards prizes in the Paper of the Year. The committee members read and judge each submission. The committee also evaluates the award criteria, seeking to improve it.*

Retention Committee:

- a. *Retention Committee researched the impact of both the President's rescinding of DACA for undocumented students and the implementation of travel bans for citizens of Muslim-majority countries in order to better address student needs and questions regarding their educational status.*

C. Make accessible a variety of services and programs that address learning needs.

Curriculum & Instruction Committee:

- a. *The C&I committee supported Accuplacer assessment for placement in math, reading and writing for all students not having the necessary ACT/SAT scores to enroll in the required math and English courses for their degree.*

Distance Education Committee:

- a. *The Distance Education Committee committed to utilizing new technology in support of online education. The committee spent considerable time discussing some of the features and problems with the Jenzabar LMS. Features discussed included things such as: on-ground course utilization of Jenzabar, LCC policies regarding instructor response time to student questions, LCC policies with respect to updating grades, minimum online*

course lengths, minimum system requirements for devices for online students and instructors, online tutorials form major clouds, the use of Chromebook in online coursework, changes to rules for making assignments available in RedZone, ongoing updates of the RedZone LMS, effective communication of tech support contact information to students, meaningful ways of communicating in the course schedule whether or not students enrolled in online courses will have to come on campus, providing continued training to online instructors and students, and the pros and cons of OER resources.

- b. The Distance Ed Committee had a hyperlink to the Master Online Teaching Course placed in the Faculty Tab of RedZone. The link can be found on the "Faculty Handbooks and Forms" page in the "How To videos and Online Documentation" portlet. Instructors can find at this link a synopsis of the EDUC 149 Online Teaching course along with all the Instructional Handouts associated with the course.*

Retention Committee:

- a. Retention Committee was instrumental in providing research and justification for the implementation of a new, four-credit-hour, math course, MATH 095 Beginning Algebra with Review. This course will support students whose placement scores do not otherwise qualify them for enrollment in MATH 096 Beginning Algebra.*

D. Use technology to expand opportunities for student learning and student services.

Distance Education Committee:

- a. The Distance Education Committee continued to have as a major component of each Committee Meeting the sharing of ideas, teaching strategies, and solutions to problems common to the online environment to include having a "Great Ideas For Teaching" presentation as an agenda item. Items included Online Meetings and the Test Analysis feature in RedZone, Jenzabar eLearning & Development Videos available for both Students and Instructors, Access features in RedZone, and the video "8 Lessons Learned from Teaching Online."*

Library Committee:

- a. The Library Committee continues to advise and monitor updates to the library's web pages and electronic resources.*

Open Educational Resources Committee:

- a. The kinds of resources promoted by the OER committee tend to be electronically available, and can often be accessed on a variety of platforms, including laptops, tablets, and cell phones, in addition to printed textbooks. Thus, students can easily access their textbooks from almost any location, and without taking a physical textbook with them.*

Retention Committee:

- a. Retention Committee researched the use of individualized instructional tools such as ALECS and MathZone in order to provide greater differentiation of developmental math needs for students testing into MATH 088, 095, 096, 100.*

7/24/18

- E. Provide quality programs and services at the main campus, the Cherokee Center, all extension sites, and online.

Distance Education Committee:

- a. *The Distance Education Committee approved the offering of the following courses online this past year:*
 1. *CHEM 126: College Chemistry II*
 2. *DNAS 140: Dental Practice Management*
 3. *HIST 108: Current World Affairs*
 4. *CHEM 124: College Chemistry I*
 5. *ENGL 118: Theatre Appreciation*
 6. *COMP 198: CompTIA+ Essentials*

Library Committee:

- a. *The Library Committee advocates, monitors and advises the staff on the needs of the main campus, Cherokee Center, and online programs.*
- b. *The Library Committee will inform their areas of the changes in the database offerings and updates. They will refer their students to these resources.*

Retention Committee:

- a. *Retention Committee was instrumental in providing research and justification for the implementation of a new, four-credit-hour, math course, MATH 095 Beginning Algebra with Review. This course will support students whose placement scores do not otherwise qualify them for enrollment in MATH 096 Beginning Algebra.*

Core Value 2: Education for a Globally Connected World: Labette Community College promotes the diversity in our communities and our world by valuing the dignity, worth, and potential of all persons; by using diverse delivery methods and evolving technology; and by improving the communities we serve through civic engagement opportunities.

Outcomes

- A. Improve and expand linkages with educational partners and community agencies for mutual benefit.

Curriculum & Instruction Committee:

- a. *The C&I Committee reviewed course transferability to baccalaureate degree programs with four year institutions.*
- b. *The C&I Committee reviewed courses for Workforce Education, Career Training, and Personal Enrichment.*

7/24/18

Library Committee:

- a. *The Library Committee instigated the research to develop the implementation of the Library Technician degree program in cooperation with Emporia State University. This is a 2+2 program that will feed into the ESU General Studies with an emphasis in Library Science undergraduate degree. It will also assist the Southeast Kansas Library System with training non-degreed librarians in the area.*

Retention Committee:

- a. *Retention Committee researched.*

B. Respond to the diverse learning needs of our community.

Distance Education Committee:

- a. *The Distance Education Committee continued to explore the best use of the College's resources in providing online education by continuously evaluating online platforms and technologies and seeking to find better ways to offer training to instructors in the use of the technologies available to them.*
- b. *The Distance Ed Committee had a hyperlink to the Master Online Teaching Course placed in the Faculty Tab of RedZone. The link can be found on the "Faculty Handbooks and Forms" page in the "How To videos and Online Documentation" portlet. Instructors can find at this link a synopsis of the EDUC 149 Online Teaching course along with all the Instructional Handouts associated with the course.*

Diversity Committee:

- a. *The Committee has begun the plans for a community diversity festival.*

Retention Committee:

- a. *Retention Committee was instrumental in providing research and justification for the implementation of a new, four-credit-hour, math course, MATH 095 Beginning Algebra with Review. This course will support students whose placement scores do not otherwise qualify them for enrollment in MATH 096 Beginning Algebra.*

C. Increase the availability of skilled workers to meet the needs of the community and the State.

Caring Cardinal Committee:

- a. *The C3 committee frequently raises money to help stock the food pantry.*

D. Engage students in contributing to the well being of their community through community service.

E. Offer a variety of online and on-ground courses at the main campus, the Cherokee Center and all extension sites to best meet the needs of our students.

Curriculum & Instruction Committee:

a. *The C&I Committee reviewed and approved a variety of new course proposals and revisions of current courses. These include:*

1. *Accounting*
 - *ACCT 112 Financial Accounting course outcomes were revised to align with KCOG (Kansas Core Outcomes Group).*
 - *ACCT 114 Managerial Accounting course outcomes were revised to align with KCOG (Kansas Core Outcomes Group).*
2. *Biology*
 - *BIOL 122 Environmental Life Science course description, outcomes and competencies were revised.*
 - *BIOL 130 & 131 Anatomy and Physiology lecture and lab course outcomes and competencies were revised to align with KCOG (Kansas Core Outcomes Group).*
3. *Business Administrative Technology*
 - *The Business Administrative Technology Clerical Assistant Certificate changed OTEC 102 College Keyboarding from a concentration requirement to a concentration elective, removed OTEC 103 Microcomputer Application I as a concentration elective and added OTEC 136 Business Office Applications as a concentration elective.*
 - *OTEC 124 Medical Terminology course outcomes and competencies were revised to align with KCOG (Kansas Core Outcomes Group).*
4. *Chemistry*
 - *CHEM 120 Introduction to Chemistry course outcomes and competencies were revised to align with KCOG (Kansas Core Outcomes Group).*
5. *Communication*
 - *COMM 101 course title changed from Fundamentals of Speech to Public Speaking and the course outcomes and competencies were revised.*
 - *COMM 106 Introduction to Mass Media course outcomes and competencies were revised to align with KCOG (Kansas Core Outcomes Group).*
6. *Computer Science*
 - *The Computer Support Specialist AAS Degree removed COMP 115 Spreadsheets (Microsoft Excel) as a concentration requirement and added COMP 138 Visual Basic Programming as a concentration requirement so that the program will have 55% tiered courses allowing the program to be Perkins eligible.*
 - *COMP 110 Computer Concepts and Applications course outcomes and competencies were revised to align with KCOG (Kansas Core Outcomes Group).*
 - *COMP 180 course title changed from Introduction to Networking to Networking I.*

- *COMP 182 course titled changed from Network Applications to Networking II.*
 - *COMP 185 course title changed from CompTIA Network+ Exam Review to CompTIA Network+ Exam.*
 - *COMP 196 course title changed from Security+ Exam Review to CompTIA Security+ Exam.*
 - *COMP 198 course title changed from PC Troubleshooting to CompTIA A+ Essentials.*
 - *COMP 199 course title changed from PC Troubleshooting Applications to CompTIA A+ Practical Applications.*
 - *COMP 201 course title changed from Network Server to Server Administration I.*
 - *COMP 202 course title changed from Network Server Applications to Server Administration II.*
 - *COMP 203 course title changed from CompTIA A+ Exam Review to CompTIA A+ Exam.*
 - *COMP 204 course title changed from CompTIA Server+ Exam Review to CompTIA Server+ Exam.*
7. *Diagnostic Medical Sonography*
- *DMS 201 Introduction to Sonography course description revised.*
 - *DMS 205 Sonography Sectional Anatomy & Abdominal Pathology I course description and Course Outcome 6 revised.*
 - *DMS 206 OB/GYN for Sonography I Course Outcome 13 added.*
 - *DMS 221 Sonography Clinical Training II course outcomes revised.*
 - *DMS 222 Sonography Clinical Training III course outcomes revised.*
 - *DMS 223 Sonography Clinical Training IV course outcomes revised.*
8. *Education*
- *EDUC 134 Pre-Professional Lab I course outcomes and competencies were revised to align with KCOG (Kansas Core Outcomes Group).*
 - *EDUC 140 Introduction to Teaching course outcomes and competencies were revised to align with KCOG (Kansas Core Outcomes Group).*
 - *EDUC 147 Information Literacy course description changed to more accurately define the course and objectives.*
9. *Electronics Technology*
- *Revised INDU 169 Digital Logic Circuits Lab to the OSHA Safety 10 content and changed the credit hours from 3 to 2. INDU 155 OSHA Safety 10 will be a co-requisite for INDU 169.*
10. *English*
- *Added ENGL 090 Accelerated Learning as a new course.*
 - *ENGL 101 English Composition I course outcomes and competencies were revised to align with KCOG (Kansas Core Outcomes Group).*

- *ENGL 102 English Composition II course outcomes and competencies were revised to align with KCOG (Kansas Core Outcomes Group).*
- *ENGL 118 Theatre Appreciation course outcomes and competencies were revised to align with KCOG (Kansas Core Outcomes Group).*

11. Graphic Design Technology

- *Added GRAP 203 Digital Photography II.*
- *Changed the Graphic Design Technology AAS Degree as follows:*
 - *Changed GRAP 128 Digital Animation from a concentration requirement to a concentration elective.*
 - *Changed the concentration requirements total credit hours from 42 to 39.*
 - *Added GRAP 122 Illustration, GRAP 203 Digital Photograph II, INDU 210 Computer Aided Drafting & Design and INDU 131 Engineering Graphics as concentration electives.*
 - *Added Concentration Electives (select 1 course) requirement of 3 credit hours.*
- *Changed the Graphic Design Technology Certificate as follows:*
 - *Added 6 credit hours of concentration electives to the concentration requirements.*
 - *Changed the concentration requirements total credit hours from 24 to 30.*
 - *Added GRAP 107 Introduction to Desktop Publishing, GRAP 203 Digital Photography II, INDU 131 Engineering Graphics and INDU 210 Computer Aided Drafting & Design as concentration electives.*
 - *Changed credits required from 24 to 30.*
 - *Changed the certificate classification from CERT A to CERT B because of the addition of the required 6 credit hours of concentration electives. (KBOR defines CERT A as having 16-29 hours and CERT B as 30-44.)*

12. Health

- *Added HEAL 135 Principles of Phlebotomy.*
- *Added HEAL 136 Phlebotomy Clinical Practicum.*
- *HEAL 142 Emergency Medical Technician syllabus revised to align with the requirements from the Kansas Board of Emergency Medical Services.*

13. History

- *HIST 101 American History to 1877 course outcomes and competencies were revised to align with KCOG (Kansas Core Outcomes Group).*

14. Industrial Coating

- *Added INDU 170 Introduction to Industrial Coating and Safety. This course will be the first course in Industrial Coating which is a Stand*

Alone Program. The program has not gone through C&I yet but will in the future.

15. Mathematics/Engineering/Physics

- *Added MATH 095 Beginning Algebra with Review.*
- *MATH 115 College Algebra course outcomes and competencies were revised to align with KCOG (Kansas Core Outcomes Group).*
- *MATH 125 Trigonometry course outcomes and competencies were revised to align with KCOG (Kansas Core Outcomes Group).*
- *MATH 130 Calculus I course outcomes and competencies were revised to align with KCOG (Kansas Core Outcomes Group).*
- *PHYS 203 Engineering Physics I course outcomes and competencies were revised to align with KCOG (Kansas Core Outcomes Group).*
- *PHYS 205 College Physics II course outcomes and competencies were revised to align with KCOG (Kansas Core Outcomes Group).*
- *PHYS 208 Engineering Physics II course outcomes and competencies were revised to align with KCOG (Kansas Core Outcomes Group).*

16. Music

- *Added MUSI 152 Performance Ensemble I.*
- *Added MUSI 153 Performance Ensemble II.*
- *Added MUSI 154 Performance Ensemble III.*
- *Added MUSI 155 Performance Ensemble IV.*
- *Added MUSI 156 Private Lesson I.*
- *Added MUSI 157 Private Lesson II.*
- *Added MUSI 158 Private Lesson III.*
- *Added MUSI 159 Private Lesson IV.*

17. Physical Education

- *Physical Education Program PE Activity Electives were modified for the Physical Education Program with an emphasis in Recreation/Leisure.*
- *PED 118 First Aid course outcomes and competencies were revised to align with KCOG (Kansas Core Outcomes Group).*
- *PED 162 course titled changed from Beginning Swimming to Swimming and revised course outcomes.*
- *Added PED 171 Zumba.*
- *Added PED 172 Kickboxing.*
- *Added PED 193 Yoga.*
- *PED 195 Weightlifting course outcomes revised.*
- *Added PED 196 Crossfit Training.*
- *Added PED 198 Watercolor Painting.*
- *Added PED 199 Jewelry Making.*
- *Added PED 200 Knitting and Crocheting.*
- *Allowed the following 9 courses to be offered for .5 or 1 credit hour versus the original 1 credit hour only.*
 - *PED 162 Swimming*

- *PED 171 Sumba*
- *PED 172 Kickboxing*
- *PED 193 Yoga*
- *PED 195 Weightlifting*
- *PED 196 Crossfit Training*
- *PED 198 Watercolor Painting*
- *PED 199 Jewelry Making*
- *PED 200 Knitting and Crocheting*

18. Physical Science

- *PHSC 103 Introduction to Astronomy course outcomes and competencies were revised to align with KCOG (Kansas Core Outcomes Group).*
- *PHSC 105 Physical Science course outcomes and competencies were revised to align with KCOG (Kansas Core Outcomes Group).*

19. Physical Therapist Assistant

- *The following changes were made to meet recommendations from CAPTE:*
 - *PTA 101 split into 2 courses. Changed PTA 101 Introduction to PTA from a 5 credit hour course with lab to a 1 credit hour course without lab. Added PTA 106 Patient Care as a new 4 credit hour course with lab.*
 - *PTA 102 Kinesiology changed credit hours from 3 to 5.*
 - *Added PTA 207 PTA Seminar.*

20. Radiography

- *RADI 127 Introduction to Computer Tomography and Cross-Sectional Anatomy course outcomes changed.*
- *RADI 223 Critical Thinking and Analysis in Radiography course outcomes changes.*

21. Social Science

- *PSYC 101 General Psychology course outcomes and competencies were revised to align with KCOG (Kansas Core Outcomes Group).*
- *PSYC 201 Developmental Psychology course outcomes and competencies were revised to align with KCOG (Kansas Core Outcomes Group).*
- *Added PSYC 110 Psychology as a Profession I.*
- *PSYC 203 Abnormal Psychology revised for a seamless transfer to Pittsburg State University.*
- *SOCI 101 Sociology course outcomes and competencies were revised to align with KCOG (Kansas Core Outcomes Group).*
- *Added SOCI 202 Introduction to Women's Studies as a new course.*
- *SOCI 203 social Problems course outcomes and competencies were revised to align with KCOG (Kansas Core Outcomes Group).*
- *SOCI 207 Introduction to Cultural Anthropology course outcomes and competencies were revised to align with KCOG (Kansas Core Outcomes Group).*

22. Social and Human Services

- *Added Social and Human Services Assistant as a new program.*
- *Added Social and Human Services AS Degree as a new program.*
- *Added SHMS 225 Intervention Models/Theories as a new course.*
- *Added SHMS 255 human Services Administration as a new course.*
- *Added SHMS 272 Field Experience in Human Services II as a new course.*

23. *Welding*

- *Approved a new Welding Program.*
- *Revised INDU 155 OSHA Safety 10.*
- *Added WELD 110 Welding Safety OSHA 10.*
- *Added WELD 120 Oxy Acetylene and Safety.*
- *Added WELD 130 Gas Tungsten Arc Welding.*
- *Added WELD 140 Shielded Metal Arc Welding.*
- *Added WELD 160 Gas metal Arc Welding.*
- *Added WELD 180 Pipe Layout and Blueprint Reading.*
- *Added WELD 210 Advanced Gas Tungsten Arc Welding.*

Retention Committee:

- a. *Retention Committee was instrumental in providing research and justification for the implementation of a new, four-credit-hour, math course, MATH 095 Beginning Algebra with Review. This course will support students whose placement scores do not otherwise qualify them for enrollment in MATH 096 Beginning Algebra.*

Core Value 3: Continuous Improvement: Labette Community College strives for continual institutional improvement through strategic planning, program and department reviews, outcome assessments, professional development, performance agreements, policy and procedure updates, and campus environment enhancement.

Outcomes

- A. Improve the system of defining and assessing student learning outcomes.

Outcomes and Assessment Committee:

- a. *Course Outcomes' are linked to Student Learning Outcomes creating an infrastructure which enables us to link student success by Program Outcomes.*

This data was included in 2017-2018 Program Review reports for Accounting/Business Administration, Art, Respiratory Therapy, and Chemistry/Physical Science.

Retention Committee:

- b. Retention Committee addressed cut score policy as relates to math Accuplacer tests. Recommended lowering the threshold for students enrolling in MATH 096 Beginning Algebra to a score of 30 on the Elementary Algebra Accuplacer sub-test (current cut off is 40) in order to decrease the number of students who are required to take MATH 088 Foundations of Math.*

- B. Hire, develop, support, and empower employees throughout the organization who take an active role in student learning and success.
- C. Offer and support professional development programs and opportunities to enhance faculty and staff effectiveness as facilitators of learning and strengthen leadership skills.

Curriculum & Instruction Committee:

- a. The C&I Committee enabled faculty and staff to take a leadership role in curriculum development.*

Diversity Committee:

- a. The Chair of the committee regularly supplies members with links to articles that may assist them in implementing principles and practices of diversity in their respective areas.*
- D. Improve the utilization of human, physical, technological, and fiscal resources.

Distance Education Committee:

- a. The Distance Education Committee continued to explore the best use of the College's resources in providing online education by continuously evaluating online platforms and seeking to find a way to utilize human, physical, technological, and fiscal resources effectively.*
- b. The Distance Education Committee continued to review and when necessary make revisions to the Online Handbook, the Online Course Evaluation Rubric, the Guidelines For a Quality Online Course Rubric, and the Online Teaching Course.*
- c. The Distance Ed Committee discussed means of increasing the number of online programs offered at LCC.*

7/24/18

- C. Enhance the college image to stakeholders to generate business and community support by communicating the value and benefit of the college.
- D. Strengthen internal communication practices.

Distance Education Committee:

- a. *The Distance Education Committee promoted internal communication by releasing immediately after each meeting a summary of what happened at that meeting. These summaries were emailed to all faculty and staff. Once approved, the minutes were also emailed to all faculty and staff.*

Open Educational Resources Committee:

- a. *By including committee members from faculty, the IT department, administration, and other groups, the OER committee has fostered internal communication around the adoption of OER textbooks. This has helped the college in identifying potential problems, and resolving existing issues, in the textbook adoption process.*

Core Value 5: Sustainability of the Institution: Labette Community College encourages innovation and personal growth, maintains financial accountability, supports student retention and success, and plans strategically for the future, while adhering to state, federal, and governing agency guidelines.

Outcomes

- A. Achieve targeted growth through an integrated enrollment management process.
- B. Enhance student opportunities through increased scholarships and endowments.
- C. Enhance the economic, academic, and social environment of the college to recruit and retain quality employees.

President's Message

The President's Goals (previously known as Five Year Visions) are listed below. The format is different than what you might remember. The intent is to link goals to one or more of our five Core Values in the Operational Plans according to the most appropriate Outcome.

Core Value 1: Student Learning

Core Value 2: Education for a Globally Connected World

Core Value 3: Continuous Improvement

Core Value 4: Integrity and Transparency

Core Value 5: Sustainability of the Institution

Together, we have an opportunity to improve college students' lives. In order to meet their needs, as well as the needs of our changing communities and markets, we must be innovative and relevant by establishing measurable goals in support of our vision, mission, and core values.

Thank you for your support.

Mark Watkins

LABETTE COMMUNITY COLLEGE STRATEGIC PLAN 2018-2019

VISION STATEMENT

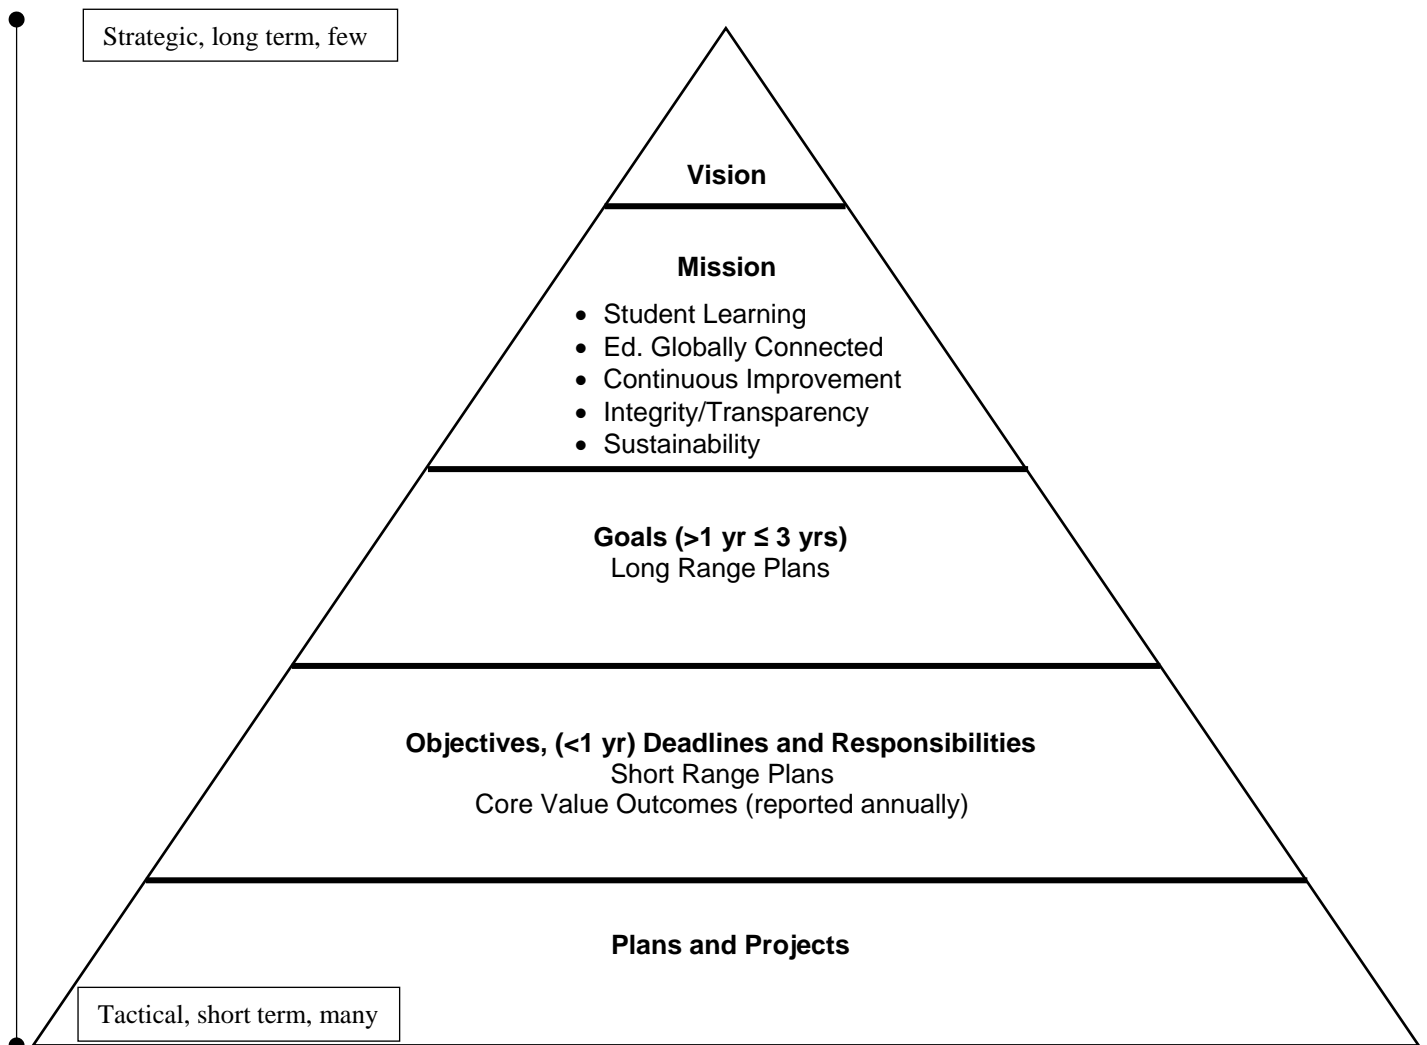

Labette Community College will continue to enhance its standing as an exceptional College by striving for excellence in all its programs, services, and activities.

MISSION STATEMENT

Labette Community College (LCC) provides quality learning opportunities in a supportive environment for success in a changing world.

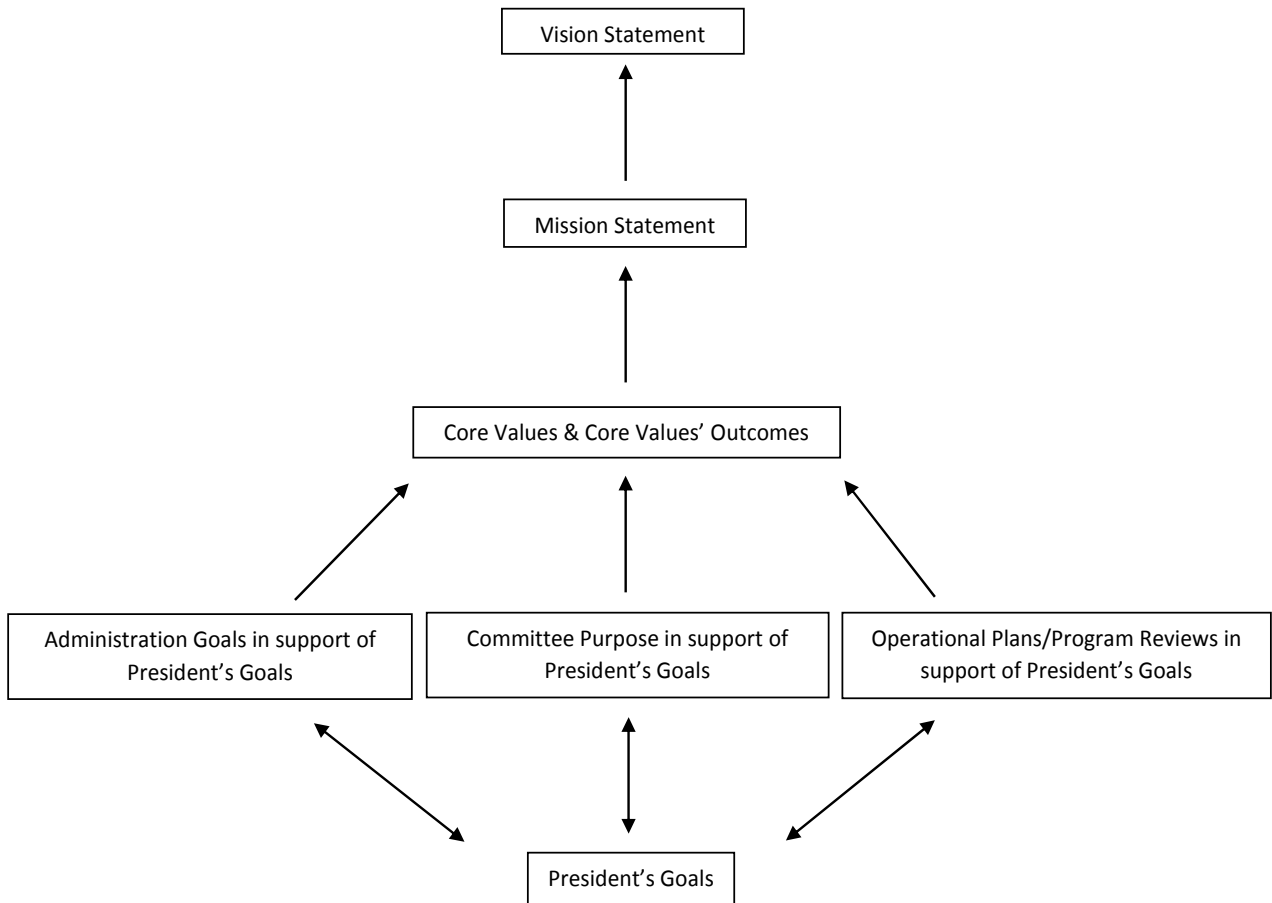

Below is the Hierarchy of Strategic Intent which shows the relationships between global and more specific elements of LCC's strategy. The hierarchy construct is taken from the work of Alex Miller, University of Tennessee.

Labette Community College Hierarchy of Strategic Intent

Strategic Planning Process

Our strategic planning process is depicted below. The conceptual model provides a guide as to how LCC's five major areas (Academic Affairs, Financial Affairs, Student Affairs, Public Relations, and Foundation) satisfy our mission.

LCC's Core Values more clearly define our mission in terms of student learning, global connections, continuous improvement, integrity and transparency, and institutional sustainability. Core Values include more specific outcomes which are supported in the Operational Plans. In order to fulfill our community college mission, goals must be set and achieved. Goals are long term in nature taking anywhere from one to three years to accomplish which fit the term length of LCC's Operational Plans. In our case, these area goals such as, Academic Affairs or Student Affairs, are linked to the Core Values.

CORE VALUE OUTCOMES

Core Value 1: Student Learning

Labette Community College makes every effort to provide collegial programs and services by providing a caring and qualified faculty/staff to assist all students and community members in attaining the foundational skills and knowledge essential for success in work and in life, in a supportive and accountable environment.

President: Build “quality learning opportunities” for students in our service area and beyond. Emphasis should include new Career and Technical Educational (CTE) and Workforce opportunities. Look to partner with area business, industry, and educational institutions. Simultaneously, the quality of instruction is of the utmost importance; the foundation for which should be based upon research-based instruction.

1. Explore/implement new programs or educational opportunities which will benefit our service area, for example in Workforce, Workforce Development program (2+2 with Pittsburg State University), Industrial Coating, Plumbing, Wind Energy, Railcar Repair, Industrial Maintenance, or Residential Wiring.
2. Increase the utilization of technology in the classroom (on ground or online).
3. Improve the accuracy and consistency of instructor evaluations
4. Increase the number of developmental student successes through the use of resources such as Student Support Services, concurrent enrollment, co-requisite courses, improved pathways, etc.

Outcomes

- 1A. Cultivate a culture in which services, practices, policies, procedures, and personnel support learning as a major priority.
- 1B. Strive to make the student’s experiences with LCC positive, nurturing, and focused on student learning and academic success.
- 1C. Make accessible a variety of services and programs that address learning needs.
- 1D. Use technology to expand opportunities for student learning and student services.
- 1E. Provide quality programs and services at the main campus, the Cherokee Center, all extension sites, and online.

Core Value 2: Education for a Globally Connected World

Labette Community College promotes the diversity in our communities and our world by valuing the dignity, worth, and potential of all persons; by using diverse delivery methods and evolving technology; and by improving the communities we serve through civic engagement opportunities.

President: Prepare our students for the interconnected, interdependent, and globally diverse society. For example, increase the number of “touch points” outside of our service area and into the national and international areas.

1. Make the Main Campus and Cherokee Center available to community organizations, school groups, and activities.
2. Since we at LCC believe our college is an important part of the community, county, and service area, LCC employees are encouraged to participate in community clubs and activities.
3. Add more program and institutional articulation agreements to strengthen LCC’s ties with state and regional universities.
4. Increase LCC diversity through an increase in our international student presence.
5. In support of an increased international student presence, investigate an Intensive English program in the summer to help prepare international students for course work.

Outcomes

- 2A. Improve and expand linkages with educational partners and community agencies for mutual benefit.
- 2B. Respond to the diverse learning needs of our community.
- 2C. Increase the availability of skilled workers to meet the needs of the community and the State.
- 2D. Engage students in contributing to the well-being of their community through community service.
- 2E. Offer a variety of online and on-ground courses at the main campus, the Cherokee Center and all extension sites to best meet the needs of our students.

Core Value 3: Continuous Improvement

Labette Community College strives for continual institutional improvement through strategic planning, program and department reviews, outcome assessments, professional development, performance agreements, policy and procedure updates, and campus environment enhancement.

President: Academic Year 2019 (2018-2019) Create documentation which will address the HLC visiting team's recommendations following the October 2015 ten year accreditation. This documentation and additional preparation will continue through the following academic year for the four year visit scheduled for February 2020. By creating documentation, we will address HLC's recommendations.

Increase student retention and graduation rates among student groups, i.e. full-time students, part-time students, student athletes, minorities, international students. (LCC had the lowest full-time student retention rate of the six southeast Kansas community college according to IPEDS data: <https://nces.ed.gov/collegenavigator/?q=Labette+Community+College&s=all&id=155450> . These data are old as there appears to be a two year lag time)

All LCC employees are encouraged to read articles about research-based teaching strategies in classrooms, effective use of college activities, or best practices and benchmarks we could incorporate in our processes.

Outcomes

- 3A. Improve the system of defining and assessing student learning outcomes.
- 3B. Hire, develop, support, and empower employees throughout the organization who take an active role in student learning and success.
- 3C. Offer and support professional development programs and opportunities to enhance faculty and staff effectiveness as facilitators of learning and strengthen leadership skills.
- 3D. Improve the utilization of human, physical, technological, and fiscal resources.

Core Value 4: Integrity and Transparency

Labette Community College operates in an environment of integrity and transparency through honest ethical practices, open communication, and accountability, for transactions with all constituencies.

President: Publish and market program outcomes' data to inform both internal and external constituents about the effectiveness of our programs.

Outcomes

- 4A. Improve tracking of and access to data to meet the needs of the institution and external contingencies.
- 4B. Promote responsible stewardship of resources and public trust.
- 4C. Enhance the college image to stakeholders to generate business and community support by communicating the value and benefit of the college.
- 4D. Strengthen internal communication practices.

Core Value 5: Sustainability of the Institution

Labette Community College encourages innovation and personal growth, maintains financial accountability, supports student retention and success, and plans strategically for the future, while adhering to state, federal, and governing agency guidelines.

President: Focus attention on Phase II of our Capital Campaign in support of enhanced athletic facilities for instructional as well as community activities. In addition, implement the best use of the LCC Welcome Center (recently acquired Factory Connection building).

Identify areas for deferred maintenance needs, such as rest rooms, and make plans to prioritize and complete these projects.

Outcomes

- 5A. Achieve targeted growth through an integrated enrollment management process.
- 5B. Enhance student opportunities through increased scholarships and endowments.
- 5C. Enhance the economic, academic, and social environment of the college to recruit and retain quality employees.
