

Make College Easier to Pay For with a Payment Plan

Make college more affordable by paying for tuition and fees over time. Payment plans break down your tuition and fees balance into affordable monthly payments. There's no interest, payment options are flexible, setup fees are affordable, and it's easy to enroll!

Lafayette Community College tuition and fees must be paid in full by the third week of class each semester. All students who do not pay by the third week and/or are waiting for financial aid to be AWARDED are *required* to set up an online payment plan (high school students are exempt). Accounts with a balance due and no payment plan set up by the end of the third week of the semester will incur a ***non-refundable \$50 service fee***. Student athletes who do not set up a payment plan may have practice eligibility affected.

Students who receive KANSASWORKS, military benefits, and/or employer benefits are also required to set up a payment plan to cover any unpaid balance. Documentation of 3rd party payment addressed to the Business Office must be received prior to the start of class to be exempt from the payment plan and avoid the \$50 service fee.

Students who are applying for Pell Grants, Student Loans, and Scholarships are encouraged to begin the financial aid process before the semester begins. Completing the financial aid steps early will benefit the student -- Benefits include a deferred payment option while waiting for financial aid disbursement. Once financial aid has been awarded/disbursed, payment plans will be reduced or terminated based on the result of the disbursement.

Students receiving financial aid (Scholarships, Pell Grant, and Loans) may have the option to pay the last two months of the active semester (deferred payment plan). Deferred payment plans will be exempt from down payments and immediate enrollment fee payments. If the account balance is zero after financial aid is awarded and prior to the payment plan becoming effective, you will not be assessed an enrollment fee and the payment plan will be terminated. Students who receive partial aid and have a balance due will be required to make payments the last two months of the active semester (June & July for Summer) (Nov & Dec for Fall) (Apr & May for Spring) - payments can be extended by contacting the Business Office at LCC to discuss available options.

*Deferred Plans - Students who qualify for deferred payment plans and wish to have additional months to pay towards their balance due can contact the Business Office at LCC to discuss options after establishing a Nelnet payment plan online. Timely application of changes depends on when they are received by LCC Business Office and Nelnet Business Solutions; changes may be refused based on timing of requested changes.

If you are not receiving financial aid and wish to make monthly payments, you are encouraged to set up your payment plan early to allow for additional time to pay towards your account (see target dates above).

Students enrolled in two semesters simultaneously will need to set up two payment plans (one for each semester).

NOTE When using Nelnet, please ensure your required payment does not exceed any spending limits set by your payment source to prevent delay in payments.

Questions about LCC's payment policy can be directed to the Business Office at 620-820-1231 or 620-820-1282.

For assistance within the online payment system, Nelnet Business Solutions can be contacted at 1-800-609-8056.
