

PRE-BSN
(FOR KU TRANSFERS ONLY)

ASSOCIATE IN SCIENCE

The Pre-BSN Associate in Science is reflective of a formal agreement between Kansas University School of Nursing and LCC Nursing Program. The KU Community College Partnership is a plan of study designed to articulate LCC RN graduates into the KU School of Nursing RN-to-BSN completion program. Students who are interested in a RN-to-BSN program from another university should follow the General Studies degree plan as it allows the flexibility to accommodate various curriculum plans.

It is essential for all students who plan to complete a RN-to-BSN program receive advisement from both the university they plan to attend and from an LCC Advisor to ensure transferability of credits. Students will be directed to meet with a nursing advisor, the Nursing Program Assistant, or the Nursing Program Director to review the RN-to-BSN degree plan. During the first advising appointment, the degree plan from the university you plan to attend will be reviewed.
