

Vascular Sonography Concentration Requirements

Summer Semester

DMS 200- Sonography Virtual Lab	6
	6

Fall Semester

DMS 201- Introduction to Sonography	3
DMS 211- Sonography Physics & Instrumentation	3
DMS 230- Vascular Sonography I	3
DMS 251- Vascular Sonography Clinical I 3 days a week	5
	14

Spring Semester

DMS 234- Sonography Physics & Instrumentation/Registry Review	3
DMS 231- Vascular Sonography II	3
DMS 252- Vascular Sonography Clinical II 3 days a week	5
	11

Summer Semester

DMS 237 Vascular Sonography Registry Review	2
DMS 253 Vascular Sonography Clinical III 4 days a week	5
	7

Total Credit Hours 38

Summary

- The vascular concentration is 38 total credit hours.
- A new class will start in June of each year.
- The Vascular concentration is a 14-month program that will focus strictly on vascular anatomy and pathology.

Clinical expectations

- The applicant will complete a minimum of 1024 clinical hours.
- Complete all required checklists and general competencies in the assigned facility.
- Trajecsyst software will be used to upload all required documentation.
