Purpose of Co-Curricular Assessment

At Labette Community College (LCC), Co-Curricular Assessment is a continuous process to assess communication, global understanding and civic engagement, quantitative/analytic methods and scientific literacy, information and digital literacy, and personal and professional behavior across services and activity that occur outside the classroom. The goals of co-curricular learning and assessment include ensuring that:

- co-curricular experiences and events are planned, offered, assessed, and improved in accordance with the LCC mission, vision, core values, student learning outcomes, and co-curricular programs and services outcomes.
- student organizations and athletic teams reinforce LCC's mission, vision, core values, student learning outcomes, and co-curricular programs and services and outcomes.

This document, created and maintained by the Institutional Assessment Committee, is an attempt to bring all components together and includes a historical review of the co-curricular assessment process at LCC. The committee prepares the report for review by the President's Council and presentation to the LCC Board of Trustees at their September board meeting and to the Strategic Planning Committee at their fall meeting.

History of Co-Curricular Assessment at LCC

Prior to AY24, co-curricular teams and organizations were assessed in one of two primary ways: athletic teams were included as part of the Athletic Department's Program Review every three to five years, and student organizations recognized by the Student Government Association (SGA) reported their activities and highlights to the Student Life Specialist yearly for consideration for SGA allocations funding at the beginning and organizational awards at the end of each fiscal year.

Beginning in AY24, each co-curricular team head coach and organization sponsor was trained to engage in a more rigorous assessment process that mirrors the assessment process undertaken by academic departments. At the beginning of each academic year, each coach or sponsor must set Organizational Student Learning Outcomes (OSLO) that support LCC's Student Learning Outcomes (SLO). Once these OSLOs are adopted, the coach or sponsor then develops learning activities, experiences, or events to support the OSLOs and designs methods for assessing the activities and outcomes in a Student Organization Assessment Plan that is approved by and held in the office of the Vice President of Student Affairs.

Throughout the academic year, teams and organizations carry out their planned activities, experiences, or events during the academic year and conduct assessments during and after these activities. At the conclusion of the academic year, coaches and sponsors compile this data, analyze and report their results, and develop strategies to improve activities in future years. These results and strategies are then used in the following academic year to update or amend OSLOs and plan activities, experiences, or events to measure them.

Going forward, LCC has identified not only athletic teams and SGA-recognized student organizations but also other programs, organizations, and committees that should engage in the co-curricular assessment process. We anticipate that as our commitment to student learning outside the classroom grows, the number of entities that will engage in the assessment process will similarly grow and expand the continuous improvement desired for institutional growth and sustainability. We also acknowledge that as student participation in these teams and organizations is voluntary, it is expected that organizations will have varying levels of participation and may not be active continuously, year-over-year.

Important Terms

Co-Curricular

Activities, programs, and experiences that reinforce the institution's mission and values and compliments the formal curriculum. Examples: study abroad, student-faculty research experiences, service learning, professional clubs or organizations, athletics, honor societies, career services, etc.

Student Learning Outcomes (SLO)

A set of skills and abilities students at LCC can expect to gain in their courses and through participating in co-curricular organizations and teams

Organization Student Learning Outcomes (OSLO)

A set of skills and abilities students at LCC can expect to gain through participating in a specific co-curricular organization or team

LCC Vision Statement

Labette Community College will continue to enhance its standing as an exceptional College by striving for excellence in all its programs, services, and activities.

LCC Mission Statement

Labette Community College provides quality learning opportunities in a supportive environment for success in a changing world.

LCC Core Values

Student Learning: Labette Community College makes every effort to provide collegial programs and services by providing a caring and qualified faculty/staff to assist all students and community members in attaining the foundational skills and knowledge essential for success in work and in life, in a supportive and accountable environment.

Education for a Globally Connected World: Labette Community College promotes the diversity in our communities and our world by valuing the dignity, worth, and potential of all persons; by using diverse delivery methods and evolving technology; and by improving the communities we serve through civic engagement opportunities.

Continuous Improvement: Labette Community College strives for continual institutional improvement through strategic planning, program and department reviews, outcome assessments, professional development, performance agreements, policy and procedure updates, and campus environment enhancement.

Integrity and Transparency: Labette Community College operates in an environment of integrity and transparency through honest ethical practices, open communication, and accountability, for transactions with all constituencies.

Sustainability of the Institution: Labette Community College encourages innovation and personal growth, maintains financial accountability, supports student retention and success, and plans strategically for the future, while adhering to state, federal, and governing agency guidelines.

LCC Student Learning Outcomes

1. COMMUNICATION

- A. To express and actively receive meaning in formal and informal manners via visual, oral, written, verbal, or nonverbal forms (e.g. nonverbal forms are any human response not expressed in words)
- B. To process and integrate existing knowledge to develop and communicate new knowledge

2. GLOBAL UNDERSTANDING & CIVIC ENGAGEMENT

- A. To understand the nature of the human experience, human systems, the natural world, and their interconnectedness in local, regional and global contexts
- B. To understand the importance of active citizenship through the application of the concepts of equity, inclusiveness, collaboration, service, and building constituency in government, civic institutions, business, and the community at large

3. QUANTITATIVE/ANALYTIC METHODS & SCIENTIFIC LITERACY

- A. To apply methods of scientific inquiry and problem solving
- B. To apply a set of formal tools (e.g., logical or statistical inference, probability, or mathematical analysis) to draw valid conclusions.

4. INFORMATION & DIGITAL LITERACY

- A. To identify, access, evaluate and synthesize diverse forms of information
- B. To responsibly and effectively apply appropriate technology to access, collect, manage, integrate, and evaluate information

5. PERSONAL & PROFESSIONAL BEHAVIOR

- A. To manage personal health, wealth, and time management
- B. To work on a team and demonstrate leadership skills and ethical reasoning in a professional setting

AY25 Co-Curricular Teams and Organizations at LCC

Athletic Teams

Baseball
Men's Basketball
Women's Basketball
Softball
Volleyball
Wrestling

Organizations

Belonging Committee
Cardinal Crew
FBLA-Collegiate
Library Committee
Phi Theta Kappa
Psychology Club
Radiography Club

Respiratory Care Club
Spirit Squad
Student Ambassadors
Student Government Association
Student Nurse Organization
Student Support Services

While there are other student organizations who may have been active during the reported Academic Year, not every organization chooses to participate in the Co-Curricular assessment process.

Baseball Mission

The mission of the LCC Baseball team is to create an atmosphere conducive to high level academic learning, as well as a high level of competition and sportsmanship on the field. The program will be actively engaged with community outreach and support. The program will put an emphasis on the physical, mental, and personal development of each student-athlete and the program as a whole.

Labette Baseball student-athletes and coaches will follow all NJCAA/KJCCC and institutional rules and procedures. The LCC Baseball team consists of 34 players and 3 coaches. 24 Athletic Scholarships are available to offer athletes per NJCAA rule. This team had 3 members receive honorable mention for KJCCC Athletic All Conference honors. 15 players received NJCAA Academic All-American honors. The program itself qualified to be nominated for NJCAA Academic Baseball Team of the Year with a team GPA of 3.19.

Baseball Student Learning Outcomes

Students who participate in Labette Baseball will be able to:		
OUTCOME	DESCRIPTION	SLO
OSLO 1	Communicate effectively with all team personnel while maintaining the understanding of individual roles and responsibilities in a professional atmosphere.	1A, 5B
OSLO 2	Use and implement new technology to help better analyze and improve themselves, while also being able to evaluate the tendencies of our opponent.	3A, 3B, 4A, 4B
OSLO 3	Apply effective time management, critical thinking, and teamwork skills in order to create a positive and efficient practice atmosphere	2A, 1A, 5B
OSLO 4	Work with local and school programs to build trust and support in the community through positive work and learning activity	2A, 2B, 5B

Baseball Support of Student Success

OSLO	Measure
OSLO 1	Team Communication
OSLO 2	Athletic improvement and analysis
OSLO 3	Team building skills
OSLO 4	Community outreach and support

Baseball Support of Student Learning

The team building and communication skills learned as an LCC baseball player while on campus or in the community prepare the student to be more successful in a group and classroom setting. The skills they learn from using new types of technology to analyze their performance is important to understanding the necessity of technology in the classroom.

Baseball Assessment Analysis and Report

ACTIVITY/EXPERIENCE/EVENT	DATE	# of PARTICIPANTS	SUMMARY	OSLO	SLO
Fall Season and Showcases	Fall 2024	32 Participants	The fall season consisted of 12 dates including Scrimmages, Showcases, and direct individual assessment from scouting services aimed towards helping our athletes be seen and recruited by 4-year institutions	3	1,2,3
Player Lessons to Parsons Youth	Feb-May	3 Participants	Players Chose to give lessons to young baseball players in the area looking to get direction from a college player	3	1,4
Stella Wells Tree auction	Dec 2024	8 participants	Players helped move and deliver Stella Well's Christmas Trees to help the community	3	1,4
Study Hall and Film	Aug 2024-May 2025	32 participants	While utilizing our study hall sessions with 100% attendance, our team was able to have a team GPA of 3.18, qualifying for submission as NJCAA Baseball Academic Team of the Year and raising our team GPA from the prior year. 13 players on the NJCAA/KJCCC All- Academic team	3	1,2, 3
Non-Conference Play	Feb-March 2025	32 participants	The team competed in non-conference play with a record of 4-10	4	1,2,3
KJCCC Play	March-May 2025	32 participants	The team competed in conference play with a 12-20 record, doubling the amount of conf wins from '24. Highest seeding going into the playoffs since 2015 and won our 1st postseason game since 2018	4	1,2,3
Parsons HS Baseball Games	March-May 2025	8-10 participants	Players would help get the field ready for the Parsons High School baseball games and help clean up after	2	1,4

Men's Basketball Mission

The mission of the LCC Men's Basketball Team is to foster student-athlete well-being and academic success along with community engagement while maintaining a highly competitive cohesive team.

The program will make it a top priority to abide and conform to all NJCAA, KJCCC, and university rules or regulations; develop student-athletes physically, mentally, and emotionally for Junior College Division II competition.

For the AY25 review year, the LCC Men's Basketball team awarded scholarships to 15 student-athletes. We also had two additional student athletes who were considered walk-ons, who did not receive any financial assistance from the team. There were two coaches: a Head Coach and an Assistant Coach.

Men's Basketball Student Learning Outcomes

Student athletes who participate in Men's Basketball will be able to:		
OUTCOME	DESCRIPTION	SLO
OSLO 1	Understand roles and responsibilities in a team and group work environment.	1A, 5A, 5B,
OSLO 2	Apply advanced problem-solving skills in a high paced environment.	3A, 3B
OSLO 3	Implement critical competencies such as adaptability, initiative, teamwork, and critical thinking.	1A, 1B, 3A, 3B, 5A, 5B
OSLO 4	Emphasizes operating on intent, trust, empowerment, and understanding	1A, 1B, 5A, 5B
OSLO 5	Work in conjunction with other programs and groups to build community engagement, mentoring, and positive experiences.	1A, 1B, 2A, 2B, 5A, 5B
OSLO 6	Use advance analytics to determine opponent trends and tendencies.	3A, 3B, 4A, 4B

Men's

ACTIVITY/EXPERIENCE/EVENT	DATE	# of PARTICIPANTS	SUMMARY	OSLO	SLO
Dallas GASO Jamboree	Oct 20th	16 Student Athletes, 2 Coaches	The LCC Men's basketball team participated in three unofficial scrimmages against various teams from around the region.	1-4	1A, 1B, 2A, 2B, 3A, 3B
Practice at local Middle School	Dec. 1st	16 Student Athletes, 2 Coaches	An open practice at the middle school gym for all students to see. It allows the kids to interact with the student athletes in an up front and personal setting. Many of these kids look up to the student athletes and their athletic abilities. This brings the community and the program closer and inspires future interactions in settings outside amongst the community where different cultures are able to experience each other.	1,5	1A, 1B, 2A, 2B
On Court Practice	Oct-Mar	9-12 Student Athletes, 2 Coaches	Through repetition, problem solving and the simulation of various aspects of gameday competition, student athletes are allowed to explore, hone, and understand the team concept and individual abilities in simulated situations. They are able to gain insights into the complexities of the game and see how planning and choices can impact outcomes.	1-6	1A, 1B, 2A, 2B, 3A, 3B, 4A, 4B, 5A, 5B
KJCCC Conference Game Schedule	Jan-Mar	9-16 Student Athletes, 2 Coaches	The scenarios planned and practice have the opportunity to play out in direct competition. Here all the training and knowledge gained has the opportunity to be applied in an unscripted setting.	1-6	1A, 1B, 2A, 2B, 3A, 3B, 4A, 4B, 5A, 5B
Film Study	Nov-Mar	9-16 Student Athletes, 2 Coaches	Film study allows for the student athlete to take a step back and see a wider, clearer view of the game. It is a very useful tool for self-reflection, understanding opponents, better visualizing team concepts, as well as why the results from a given moment were either positive or negative.	1,3,6	1A, 1B, 3B, 4A
Team Study Hall	Aug-Mar	9-16 Student Athletes, 2 Coaches	Here student athletes are allowed time to focus on off-court classroom assignments in a familiar environment. Team work is further fostered through peer help and discussions regarding homework and projects.	3,4	1A, 1B, 3A, 3B, 5A, 5B
Open Practice for 4yr Coaches	Sept 10th	16 Student Athletes, 2 Coaches	An open practice "showcase" for 4-year coaches to get a head start on possible recruiting before the official start of the season. This enables our student athletes to garner early exposure which could lead to a greater chance of being offered scholarship opportunities to play basketball at the 4yr level.	1-6	1A, 1B, 2A, 2B, 3A, 3B, 4A, 4B, 5A, 5B

Women's Basketball Team Mission

The mission of the LCC Women's Basketball Team is to cultivate student-athlete well-being, academic success, and community engagement while preserving a highly competitive capable team.

Women's Basketball Program will make it a top priority to adhere and coincide with all NJCAA, KJCCC, and institution rules and regulations; grow student-athletes mentally, physically and emotionally for Junior College Division II competition.

The roster for AY25 was not of sufficient size to allow LCC to safely field a team for the Fall preseason schedule which was cancelled in October 2024. Continued concerns about roster size and player safety led to the full cancellation of the AY25 season in January 2025. LCC honored all letters of intent and successfully petitioned the NJCAA for waivers for affected student athletes to preserve their athletic eligibility.

Women's Basketball Team Student Learning Outcomes

Student athletes who participate in Women's Basketball will be able to:		
OUTCOME	DESCRIPTION	SLO
OSLO 1	Understand individual roles and responsibilities within the team to function as one unit.	1, 2B, 3, 4, 5
OSLO 2	Implement critical competencies such as adaptability, initiative, teamwork, critical thinking to lead to advanced problem-solving skills and collaboration in a high paced environment.	1, 2, 4, 5
OSLO 3	Improve GPA from previous semester, unless 4.0 was obtained.	1, 3, 4, 5
OSLO 4	All players maintain eligibility; cumulative 2.75 GPA	1, 3, 4, 5
OSLO 5	Double digit wins in a season; finishing at a higher rank than previous year.	1, 4, 5

Women's Basketball Team Support of Student Success

Women's Basketball Assessment Analysis and Report

No activities are presented here as the 24-25 season was canceled due to roster size and player safety concerns.

Softball Team Mission

The mission of the Labette Softball Team is to ensure student-athletes success academics, as well as, on the field, while ensuring their well-being and positive social interactions within the community and surrounding areas.

The program is dedicated to conforming to the NJCAA, KJCCC, and NCAA regulations a top priority; while continuing to develop each student-athletes' physical, emotional, and mental health/safety while competing at the NJCAA Division II level.

For the AY25 review year, the LCC Softball team awarded scholarships to 20 student-athletes and one student manager (who was a former scholarship SB player that had played HS softball and wanted to continue being around the sport). We had two coaches: a Head Coach and an Assistant Coach (former player for LCC Softball).

Softball Team Student Learning Outcomes

Student athletes who participate in Labette Softball will be able to:		
OUTCOME	DESCRIPTION	SLO
OSLO 1	Understand roles and responsibilities of how a successful team and/or group environment achieves success	1A, 5A, 5B
OSLO 2	Understand responsibilities of how to be a successful student-athletes by utilizing time management	1A, 4A, 5B
OSLO 3	Strategically understand advanced problem-solving skills and utilize lifestyle competencies (i.e.- adaptability, initiative, teamwork) in high stress situations	1A, 1B, 3A, 3B, 5A, 5B
OSLO 4	Communicate effectively with professionals, community members, and teammates	1A, 1B, 2A, 2B, 5B
OSLO 5	Understand how to be adaptable in becoming more successful in higher competition levels and growing society	1B, 3A, 5A, 5B
OSLO 6	Use media and analytics for preparing for competition, and utilizing for personal growth	3A, 3B, 4A, 4B

Softball Team Support of Student Success

OSLO	Measure
OSLO 1	All-Conference/All-Region Honors
OSLO 2	Team Academic and Individual players academic success
OSLO 3	Effectively playing in game situations, know teams' offensive and defensive situational handbook
OSLO 4	Team will communicate effectively with professionals, community members, and teammates
OSLO 5	Team and players individual success (All-KJCCC, All-American, NFCA honors)
OSLO 6	Team and individual video analysis

Softball Team Support of Student Learning

The Labette Softball Student Learning Outcomes allow the Student-Athletes (SA) to be productive students in the classroom, while being productive members of our community. These outcomes allow the SA's to become successful in all aspects of in what is expected from a collegiate SA in daily life. Each outcome assists the SA to accomplish their own success in being held accountable to their education and to the local community. Our program believes that our Student-Athletes have to be held accountable in the

communities in which they ultimately return to for continued education, athletics and/or their careers, so our goals laid out and the way we measure and pursue those outcomes are the cornerstone to our program. The Labette Softball team expects our Student-Athletes to meet these outcomes to see success in their future lives.

Student Athletes participating in our Fall Games, Daily Practice, Spring Games/KJCCC game schedule allow us to evaluate the skill development we have been able to successfully achieve, while seeing what methods and tools we need to continue to pursue. These specific activities allow Student Athletes many skills development, communication, strategies, and adaptability opportunities while competing at a high level to showcase for the community, family, and college coaches. Volunteer opportunities allow our Student Athletes to give back to our community, while learning and using problem-solving skills, communication, and understanding community growth. Our film study (both individual and team film studies), and Team Study Hall allow our Student Athletes to utilize time management, problem-solving, and how to utilize media for our success. Also, Student Athletes will see/understand team responsibilities, communication, and being adaptable to see success.

Softball Assessment Analysis and Report

ACTIVITY/EXPERIENCE/EVENT	DATE	# of PARTICIPANTS	SUMMARY	OSLO	SLO
Fall Games vs. NCAA School	Sept-Oct	19 SA's, 2 Coaches	The Labette Softball team participates in 5-10 fall "scrimmages" against NCAA DI/DII programs. This allows our SA's to play against better competition, as well as, being able to play in front of 4-year schools/coaches allowing the SA's to be recruited to continue their playing careers for these institutions.	1-6	1A, 1B, 2B, 3A, 3B, 4A, 5A, 5B
Daily Practice at Softball Field	Aug-May	19 SA's, 2 Coaches	The Labette Softball program holds daily practices to allow the SA's to have repetition of the techniques, use drills that simulate "game like" situations, and utilize communication to create success for in game play. These daily practices allow the SA's to continue to refine their skills, explore the techniques that work best for each individual, and understand the concepts necessary to be a successful team player. This allows the SA's to use flexibility, problem-solving skills, and adaptability with the understanding their performance will possibly impact the team outcomes, during games.	1-6	1A, 1B, 2B, 3A, 3B, 4A, 5A, 5B
Volunteer for St. Pat's Auction/Elk's (Veterans Day Luncheon)/Stella Wells/Curious Minds	Oct., Nov., Dec., April	Each event varies, most are 7-10 SA's and Coaches, but several include 19 SA's, 2 Coaches	These volunteer opportunities allow the SA's to "give back" to the community that supports the LCC Athletic Department. This also requires our SA's to communicate to the community of how this opportunity has/will impact their lives by getting the chance to participate in college athletics. The SA's also get the opportunity to show their gratitude, and appreciation, and to show "thanks" to the community for their support.	2-4	2A, 2B, 3A, 3B, 4A, 4B, 5A, 5B
Spring Games/KJCCC Schedule	Feb-May	Team 19 SA's, 2 Coaches, Team Manager	The games played in spring allow the SA's to incorporate the drills, and concepts practiced for several months into competition; allowing the SA's to apply their knowledge in the opportunity to accept the outcomes, re-evaluate, practice what is	1-6	1A, 1B, 2B, 3A, 3B, 4A, 5A, 5B

AY25 Co-Curricular Annual Report

			necessary, and correct any play needed.		
Individual Film Study	Oct-May	Individual 3-4 SA's, 2 Coaches	The coaching staff allows SA's to be filmed during practices, and come in to evaluate their techniques in many aspects (hitting, fielding, pitching) of the game. Each SA's is asked to take notes, express (communicate) the skills they see that are beneficial, as well as, those that need correction. When corrections are needed, the SA's are encouraged to help find drills, and techniques that will assist their success when the skills are presented next competition/practice.	1-6	1A, 1B, 3A, 3B, 4A, 4B, 5B
Team Film Study	Aug-May	Team 19 SA's, 2 Coaches	The coaches allow the SA's to watch team practices, and game film. These opportunities are used for the SA's to step back, look at their skills from an outsider's standpoint, reflect on their play, and allow them to visualize what is necessary to correct any needed adjustments. Visual learning is vital to SA's individual/team success. SA's are asked to participate in communicating and discuss on what positive and changes needed.	1-6	1A, 1B, 3A, 3B, 4A, 4B, 5B
Team Study Hall	Sept-May	Team Players with a grade C or below required, but available to all SA's, 1 Coach	SA's are required to attend scheduled study hall times, if the SA has a grade of C or below. Coaches require SA's to turn in grade checks, every 2 weeks. To ensure grades are evaluated, and focused on success, SA's are required to attend study hall where they can focus on assignments, and are allowed to schedule appointments with instructors to allow the SA's to get tutoring, and 1 on 1 explanations of assignments, when needed.	2, 3, 6	2B, 3A, 3B, 4A, 4B, 5A

Volleyball Team Mission

To prepare Volleyball student-athletes for not only success in the classroom and on the court but to teach them how to be successful in the real world as adults.

Volleyball Team Student Learning Outcomes

Student athletes who participate in Volleyball will be able to:		
OUTCOME	DESCRIPTION	SLO
OSLO 1	Double digit wins in a season	1,3,5
OSLO 2	Productive member of the volleyball team	1,2,3,4,5

Volleyball Team Assessment Analysis and Report

ACTIVITY/EXPERIENCE/EVENT	DATE	PART. #	SUMMARY	OSLO	SLO
Pre-season	Aug.	18 athletes 2 coaches	This is where a student athlete learns what it takes to be successful at the college level. And where they begin to grow as a person and an athlete.	1, 2, 3, 4, 5, 6	1, 2, 3, 4, 5
Community service	Aug-May	18 athletes 2 coaches	Student-athletes learn the importance of giving back to the community in order to gain their support back. Via fundraising, home games, etc.	3, 4, 5	1, 3, 4, 5
KJCCC Regular Season	Aug-Nov	18 athletes 2 coaches	Students challenged themselves competing at the highest level with conference opponents. Allowing student athletes to show what they're learning in practice/film.	3, 4, 5, 6	1, 2, 3, 4, 5
Team Film Study	Aug-May	18 athletes 2 coaches	Student athletes are challenged to learn more about the game through film study of not only themselves but of athletes at higher levels	3, 4, 5, 6	1, 2, 3, 4, 5
Team Study Hall	Aug-May	18 athletes 2 coaches	We allow student athletes blocked off time to focus and work on studies while not being bothered in their housing facility.	1, 2, 5, 6	1, 2, 3, 4, 5

Wrestling Team Mission

The mission of the LCC Wrestling team is to contribute to student athletes' successes in academic and athletic performances while providing a supportive and character-building environment.

I am very proud of our team's performance and accomplishments this 2025 season both as a team and individuals. The program had 37 student athletes for the 2024/2025 season with 21 of them being from Kansas. We were able to obtain a top 10 finish at the national tournament and had 3 individual All-Americans. Beyond that the wrestling team finished with the 13th highest G.P.A in the country for wrestling. The program has only a head coach and one assistant coach on payroll. We were fortunate enough to have two more volunteer coaches this season to help out with the program. They did so out of love for the sport and appreciation they have for this program. Wrestling is allowed to have up to 20 student athletes on a letter of intent/scholarship.

Wrestling Team Student Learning Outcomes

Student athletes who participate in Wrestling will be able to:		
OUTCOME	DESCRIPTION	SLO
OSLO 1	Become a productive member of the wrestling program, community and college.	1,2,5
OSLO 2	Participate in rent-a-wrestler outreach program and various other events to connect with and build a positive relationship with the community.	1,2,5
OSLO 3	Have the opportunities to become academic All-American	1,3,4,5
OSLO 4	Have the opportunity to compete for conference and regional titles individually and as a team.	1,3,4,5
OSLO 5	Have the opportunity to become an All-American at the NJCAA national championships	1,3,4,5
OSLO 6	Graduate and receive a degree from Labette Community College, while remaining eligible to participate for the wrestling program	1,2,3,4,5

Wrestling Team Support of Student Success

OSLO	Measure
OSLO 1	Individual statistics and records (pins, tech-falls, decisions)
OSLO 2	Attend community outreach events
OSLO 3	Individual G.P.A and participate in minimum of 15 wrestling matches
OSLO 4	Individual conference and regional standings
OSLO 5	Individual Standings (conference, region, nation)
OSLO 6	Graduate with Associates degree and any other certificates the student athlete is seeking to obtain

Wrestling Team Support of Student Learning

The wrestling program provides the solid foundation and structure student athletes need to ensure they remain on track to obtain an associates degree. The program has monthly schedules built and sent out to each student to keep them on track with all events related to

academics and wrestling program. Study-halls and regular grade checks are set in place to ensure progress is being made.

The wrestling program also provides the opportunity to compete in various competitions throughout the entire school year. Beginning in November the team travels to several Open tournaments. Where all eligible athletes are able to participate and represent themselves and the college in a positive manner. The second half of the season is composed of several conference and non-conference dual meets. Giving individuals several opportunities to compete for a chance to wrestle at the regional and national tournament. During these competitions the athlete's significant wins can help them achieve conference, region, and even national rankings. All this in return helps the student athletes' transition to a 4-year university once graduated from Labette.

Wrestling Team Assessment Analysis and Report

ACTIVITY/EXPERIENCE/EVENT	DATE	PART. #	SUMMARY	OSLO	SLO
Preseason training/workouts	Oct. 1st	37 students 2 coaches	Various workout activities were performed to test endurance, strength, and wrestling ability during preseason training. Preseason lifting charts were handed out to record progress each week. Preseason cardio charts were handed out to record and track progress each week. Results from the preseason training showed each individual athlete the improvements he had made in the weight room, cardio/endurance, and wrestling room.	1,3,4,5,6	1,3,4,5
Conference dual meets	January	15 students 3 coaches	Conference dual meets were held on Jan. 15 th , Jan. 22 nd , Jan. 30 th , and Feb. 5 th . The wrestling program competed against 7 other teams in the conference including: Pratt CC, Cowley CC, Neosho CC, Barton CC, Colby CC, Northwest Kansas Tech, and Cloud CC. LCC finished with a dual record of 6-1 finishing 2 nd as a team within the conference for duals. LCC then went on to place 4 th at the regional tournament and qualify all 10 weight classes for the NJCAA National tournament. This was a direct reflection of the time spent by each individual studying past performances and improving in certain situations and conference match-ups.	1,3,4,5,6	1,3,5
Open Tournaments	November – December	20-25 students 3 coaches	Program competed in the following open tournaments during the first semester of competition: Falcon Open, Grandview Open, Luther Open, UNK Open, Bob Smith Open and Barton Open. During these competitions the program travels as many athletes as possible. We had multiple student athletes win matches, place top 6 in their weight class, and most importantly make improvements and reflect upon each performance. The purpose of these open events is to expose our athletes to many different divisions within college athletics and to help aid in their opportunities of recruitment after graduating from LCC. All of these competitions had programs represented from NCAA Division 1, NCAA Division 2, NCAA Division 3, and NAIA universities.	1,3,4,5,6	1,3,5

AY25 Co-Curricular Annual Report

Community outreach	August – May	37 students 3 coaches	Our wrestling program does a year-round rent-a-wrestler in which our student athletes engage with members of the community and help out with any jobs and tasks that may need done. We also help out and lend a helping hand with the following events: St. Pats auction, Sunbelt Rodeo, LCC Scholarship auction, Campus clean up, help work chains at all home high school football games. Volunteer our time setting up, breaking down, and table working at all home middle school, high school, and kids wrestling events.	1,2,5	1,2,5
Parsons Wrestling Club preseason clinic and practice	December – March	3-5 students 3 coaches	Wrestling program put together a preseason clinic for all youth within the community and surrounding areas to promote the sport of wrestling amongst the youth. This event went well and had well over 50 kids ranging from the age of 3-16 years old. After the clinic the parsons wrestling club had practices 3 days a week from November through January. We had a minimum of 4 student athletes attend each practice to help assist with the growth of our youth club here in parsons. The parsons wrestling club ended the season with over 30 members in the club and 3 state qualifiers.	1,2,5	1,2,5
Programs Study-hall	September - May	37 students 2 coaches	Academics are the most important part of the college life here at LCC. To participate in the wrestling program means you have the grades and eligibility to do so. To ensure this occurs, the wrestlers attend mandatory study-halls twice a week from September through spring finals. Any athlete with a grade lower than 70% must attend study-hall 4 days a week. Two days are spent in team study-hall and two days are spent one on one with a tutor for that given subject.	1,3,4,5,6	1,3,4,5

Belonging Committee Mission

The Belonging Committee exists to promote the diversity of the College's service area and the world beyond, by supporting and encouraging the discovery and the learning about other cultures and viewpoints, leading the employees and students of LCC to value the dignity, the worth and the potential found in all people by encouraging the broadening and the challenging of views and the amending of those views for success in our changing world.

Belonging Committee Student Learning Outcomes

Students who participate in Gender and Sexualities Alliance will be able to:		
OUTCOME	DESCRIPTION	SLO
OSLO 1	Understand the nature of the human experience, human systems, the natural world, and their interconnectedness in local, regional and global contexts	2A

Cardinal Crew Mission

Cardinal Crew promotes school spirit and provides support for LCC athletic teams and events through student participation and involvement.

Cardinal Crew was formed in the fall of 2022 as a student organization for any LCC student interested in building camaraderie and elevating their experience by supporting LCC athletics and inspiring school spirit across campus.

Cardinal Crew Student Learning Outcomes

Students who participate in Cardinal Crew will be able to:		
OUTCOME	DESCRIPTION	SLO
OSLO 1	Collaborate with other members to organize club events & activities	1,2,3,5
OSLO 2	Communicate with students and employees to promote club events	1,2,4,5

Cardinal Crew Support of Student Success

OSLO	Measure
OSLO 1	Attend monthly meetings
OSLO 2	Share information about Cardinal Crew events throughout campus – through word of mouth, requesting promotional items – posters, flyers, etc., and, social media posts

Cardinal Crew Support of Student Learning

Cardinal Crew offers students the opportunity to be involved in various campus events and activities. Involved students feel more connected to the campus, the people, and are more familiar with the resources that are available. It also offers the opportunity to meet other students which could lead to new friendships.

FBLA Collegiate Mission

The purpose of the FBLA Collegiate Division is to provide opportunities for post-secondary students to develop business-related career competencies. FBLA Collegiate is an integral part of the instructional program and also promotes a sense of civic and personal responsibility.

The specific goals of the FBLA Collegiate Division are to:

- develop competent, aggressive business leadership;
- strengthen the confidence of students in themselves and their work;
- create more interest in and understanding of American business enterprise;
- encourage members in the development of individual projects that contribute to the improvement of home, business, and community;
- develop character, prepare for useful citizenship, and foster patriotism;
- encourage and practice efficient money management;
- encourage scholarship and promote school loyalty;
- assist students in the establishment of occupational goals; and
- facilitate the transition from school to work.

FBLA Collegiate at LCC had nine active members during FY25. Five of these members participated at the State Conference qualifying for the National Leadership Conference (NLC) in May/June 25. Four of the five members attended the NLC with one student, Tabitha Grant, placing 8th in the Foundations of Economics event.

FBLA Collegiate Student Learning Outcomes

Students who participate in FBLA Collegiate will be able to:		
OUTCOME	DESCRIPTION	SLO
OSLO 1	Contribute to the chapter's pursuit of the Five Star Chapter designation	1,2,3,4,5
OSLO 2	Engage in on campus events	1,2,5

OSLO 1	Receiving the Five Star Chapter designation
OSLO 2	Participation in LCC Campus Events
OSLO 3	Students attend state and or national conferences for leadership training or to compete
OSLO 4	Engage in efforts to transition from school to work

FBLA Collegiate Support of Student Learning

LCC FBLA Collegiate serves a vital role in both representing LCC and also preparing the involved students for their professional careers by giving them vital hands-on experience. FBLA Collegiate members are provided the opportunity to grow their skills in diverse methods and gain valuable connections by networking with other LCC students, other Collegiate members and community members as well. FBLA Collegiate members learn what networking in a professional setting is like while also serving as a voice for their fellow current and future students by sharing their thoughts and opinions from a student perspective.

Library Committee Support of Student Success

OSLO	Measure
OSLO 1	Paper of the Year
OSLO 2	Library Committee Student Representative

Library Committee Support of Student Learning

The Library Committee supports student learning by supporting the library which serves the entire student body, employees, and community. They do this by:

- advising and suggesting ways to improve existing library services and offer suggestions for new ones.
- advocating for the library in their respective departments and groups.
- monitoring and advising the library staff on the needs of the main campus and online programs.
- informing their areas of the changes in the database offerings and updates, and they refer their students to these resources.
- judging and awarding the Paper of the Year to the best creative and research papers submitted by students each year

Additionally, the Library Committee had an active student representative this year who wrote a press release about the Paper of the Year and made other suggestions for library services from a student's perspective.

Phi Theta Kappa Mission

Phi Theta Kappa is an international honor society for students attending two-year colleges or community colleges. Its mission typically revolves around four key pillars:

1. **Scholarship:** Encouraging academic excellence is one of the primary goals of Phi Theta Kappa. Members are recognized for their scholarly achievements and are provided with opportunities for intellectual growth.
2. **Leadership:** Phi Theta Kappa aims to cultivate leadership skills among its members. Through various activities, members learn to become effective leaders both within their college community and beyond.
3. **Service:** Service is a fundamental aspect of Phi Theta Kappa's mission. Members are encouraged to engage in service projects that benefit their college, local community, and broader society. This fosters a sense of civic responsibility and social awareness.
4. **Fellowship:** Phi Theta Kappa provides a supportive community for its members. Through networking opportunities, events, and collaborations, members build lasting relationships and connections with peers who share their academic and personal interests.

Overall, the mission of Phi Theta Kappa at Labette Community College is to recognize and promote academic excellence, foster leadership development, encourage service to others, and provide a supportive community for its members.

Phi Theta Kappa Student Learning Outcomes

Students who participate in the Phi Theta Kappa will be able to:

Radiography Club Mission

The Radiography Club is a student organization dedicated for enrolled radiography program students. The purpose is to elevate the quality of patient care and promote the art and science of radiologic technology.

The radiography club is recognized by the SGA and maintains annual SGA registration requirements by attending scheduled SGA monthly meetings. We maintain a very well-balanced budget with the business office and participate in all SGA major activities, such as Kids Fall Fest and Homecoming. We maintain monthly meetings or added sessions when necessary and have minutes on file. We have a large number of active members, which is great for activities and fundraisers. We are involved in community service activities, for example during the month of October, which is National Breast Cancer Awareness Month; we provide information to both men and women on the risk of breast cancer. Every year we attend the Kansas State Radiology Conference where we interact and compete against the other 5 radiology schools in the state. This past year our club was recognized as a "Top Five Star Organization" at the SGA Awards Ceremony.

Radiography Club Student Learning Outcomes

Students who participate in the Radiography club/program will be able to:		
OUTCOME	DESCRIPTION	SLO
OSLO 1	Contribute to the club's pursuit of five-star student organization.	1A, 2A, 2B, 4A, 4B, 5B
OSLO 2	Promote the radiography club and the health profession of medical imaging in the community.	1A, 2A, 4A, 4B
OSLO 3	Provide supplemental educational opportunities for professional growth and development.	2A, 2B, 5A

Radiography Club Support of Student Success

OSLO	Measure
OSLO 1	Radiography Club five-star organization plan.
OSLO 2	Establish at least two community service projects in FY2024.
OSLO 3	Attend and participate in the Kansas Society of Radiologic Technologists (KSRT) state convention student competitions and attend all business sessions.

Radiography Club Support of Student Learning

The Radiography Program supports student success at Labette Community College by providing opportunities for radiography students to learn the importance of civic engagement by being competent and capable in order to serve others as a healthcare professional.

OSLO 3	Provide supplemental educational opportunities for members professional growth and development	2A, 2B, 5A
OSLO 4	Organize club events for exposure and involvement campus wide.	1A, 1B, 2A, 5B

Respiratory Care Club Support of Student Success

OSLO	Measure
OSLO 1	Attendance of Club meetings
OSLO 2	Community Service projects
OSLO 3	Attend and participate in the annual KRCS- Kansas Respiratory Care Society state conference, and attend all student competitions

Respiratory Care Club Support of Student Learning

The Respiratory Care Program at Labette Community College (LCC) is deeply committed to fostering student success through a rigorous, supportive, and career-focused educational experience. As a nationally accredited program, it prepares students to become competent, compassionate respiratory therapists who are well-equipped to meet the demands of a rapidly evolving healthcare environment.

From the outset, the program is structured to support student achievement through a blend of academic excellence, clinical experience, and personalized instruction. Students begin their journey with a strong foundation in the sciences and progress through a carefully designed curriculum that integrates classroom learning with hands-on training in real-world settings. This approach ensures that students not only

understand the theory behind respiratory care but also gain confidence in applying their skills in diverse clinical environments.

One of the key pillars of student success within the Respiratory Care Program is the dedicated faculty. With years of clinical and teaching experience, instructors provide individualized attention, mentorship, and ongoing feedback to help students overcome challenges and reach their full potential. Faculty members are accessible and engaged, actively monitoring student progress and offering academic support to ensure students remain on track.

Clinical rotations are another critical component of student success. LCC partners with a wide network of hospitals and healthcare facilities to give students exposure to a variety of patient populations and treatment settings. These experiences not only prepare students for the realities of the profession but also help them build professional networks and gain employment opportunities before graduation.

To support academic success, the program offers resources such as peer study groups, skills labs, exam preparation tools, and tutoring. Additionally, the program emphasizes preparation for national board exams, providing students with structured review sessions and practice assessments to boost confidence and performance on licensure tests.

The Respiratory Care Program also supports student well-being and professional growth through regular advising, career counseling, and opportunities for involvement in professional organizations like the American Association for Respiratory Care (AARC). Students are encouraged to develop leadership skills, stay informed about advancements in the field, and uphold high ethical standards in their practice.

Graduates of the LCC Respiratory Care Program consistently demonstrate high job placement rates, strong licensure exam pass rates, and success in both entry-level and advanced roles. This success is a direct reflection of the program's commitment to high-quality instruction, comprehensive support, and a student-centered approach that empowers individuals to make a meaningful impact in healthcare.

In every aspect, the Labette Community College Respiratory Care Program is dedicated to helping students succeed—academically, professionally, and personally—by providing the tools, experiences, and support necessary to become skilled and confident respiratory therapists..

Spirit Squad Mission

The mission of LCC Spirit Squad is to enhance the overall college experience, foster a sense of pride and belonging, and support the academic and extracurricular endeavors of the institution.

The 2024-2025 basketball season was successful with a few hiccups along the way, primarily due to the cancelation of the women's basketball season. We had 8 members of the squad, including the Flag Runner. All members of the squad received a scholarship for Fall and Spring. The members of the squad worked hard to finish the season on a positive note. The Spirit Squad participated in many events throughout the year, including participating in parades, volunteering in the community, Kids' Fall Fest and the unveiling of Caroline the Cardinal. The squad also hosted Spirit Squad Bingo night.

Spirit Squad Student Learning Outcomes

Students who participate in Spirit Squad will be able to:		
OUTCOME	DESCRIPTION	SLO
OSLO 1	Build Community Spirit: The Spirit Squad aims to foster a sense of community and belonging among students, faculty, staff, and alumni. They organize events and activities that bring people together, creating a positive and supportive campus environment.	1A, 1B, 2A, 2B, 5A, 5B
OSLO 2	Promote School Pride: The Spirit Squad works to instill pride in the institution among students and stakeholders. Spirit Squad works with Student Life and other groups on campus to help organize pep rallies, tailgates, and other events to rally support for sports teams, academic achievements, and other accomplishments.	1A, 1B, 2A, 2B, 5A, 5B
OSLO 3	Support Athletic Teams: One of the primary functions of Spirit Squad is to support the college's athletic teams. This involves attending games and matches, leading cheers and chants, creating banners and signs, and generally boosting morale among players and fans.	1A, 1B, 2A, 2B, 5A, 5B
OSLO 4	Encourage Student Engagement: The Spirit Squad provides opportunities for students to get involved on campus and develop leadership and teamwork skills. They may recruit and train new members, organize volunteer activities, and collaborate with other student organizations.	1A, 1B, 2A, 2B, 5A, 5B
OSLO 5	Promote Diversity and Inclusion: Spirit Squad can play a role in promoting diversity and inclusion on campus by welcoming students from all backgrounds and creating an inclusive atmosphere at events and activities.	1A, 1B, 2A, 2B, 5A, 5B

Spirit Squad Support of Student Success

OSLO	Measure
OSLO 1	Build Community Spirit
OSLO 2	Promote School Pride
OSLO 3	Support Athletic Teams
OSLO 4	Encourage Student Engagement
OSLO 5	Promote Diversity and Inclusion

Spirit Squad Support of Student Learning

Spirit Squad supports student learning in several ways. Spirit Squad helps foster a sense of community and belonging among students. By promoting school spirit through events, rallies, and support at games, they create a positive atmosphere that encourages students to engage more with their college.

Squad members can boost attendance at college events such as sports games, cultural events, and academic competitions. Higher attendance at these events can enrich the overall college experience and create opportunities for students to network and socialize.

Being part of the Spirit Squad encourages students to get involved on campus. Whether as members of the squad or as participants in the events they support, students develop leadership skills, teamwork, and a sense of responsibility.

The Spirit Squad can uplift campus morale during challenging times. They organize pep rallies, spirit weeks, and other activities that boost morale and create a positive environment for learning and personal growth.

A strong Spirit Squad can contribute to recruitment efforts by showcasing school spirit and student engagement to prospective students. Additionally, their activities can contribute to student retention by making current students feel more connected to the college community.

Lastly, members of the Spirit Squad engage in physical activities such as cheering, dancing, or participating in sports. This can promote a healthy lifestyle among students and encourage physical activity.

Student Ambassadors Mission

The Labette Community College Student Ambassador Program is a group of students who are selected to represent the College in many capacities. Student Ambassadors reach out to prospective students, conduct campus tours, participate in and help promote various college events.

Student Ambassadors serve Labette Community College by acting as representatives of the institution and providing exceptional service to prospective and current students. Ambassadors give two hours of their time per week and also serve at community and institutional events to promote the mission of LCC.

Student Ambassadors Student Learning Outcomes

Students who participate in Student Ambassadors will be able to:		
OUTCOME	DESCRIPTION	SLO
OSLO 1	Give informal individual and group tours to prospective students, community members, educators/counselors, and special guests of LCC.	1A, 1B, 2B, 4A, 5A, 5B

Student Government Association Mission

Student Government Association's (SGA) mission is to act as a direct link between students and the administration. We want to keep students involved and engaged in school through common extracurricular activities.

SGA Student Learning Outcomes

Students who participate in Student Government Association will be able to:		
OUTCOME	DESCRIPTION	SLO
OSLO 1	Keep students informed as to college initiatives and administrative changes.	1A, 1B, 2B, 4A, 5A
OSLO 2	Support events, groups, and individuals who are benefiting the Labette Community College community, ensure the financial stability of the SGA.	1B, 2A, 2B, 3B, 4B, 5A, 5B
OSLO 3	Ensure that the administration and faculty are aware of the student opinions, concerns, and suggestions.	1A, 1B, 2A, 2B, 4A, 5A, 5B
OSLO 4	Promote the college in a positive image, and work for the betterment of all students by providing engaging events.	1A, 1B, 2A, 2B, 3B, 4A, 4B, 5A, 5B

SGA Support of Student Success

OSLO	Measure
OSLO 1	Collaborate with Student Life Specialist to promote on-campus events for students.
OSLO 2	SGA will work with the Student Life Specialist to select speakers to come speak to the student body about the betterment of our community.
OSLO 3	Student Life Specialist represents SGA at monthly LCC Board of Trustees meetings and gives a report.
OSLO 4	SGA works to promote student involvement in student activities, assist in planning student events and volunteer opportunities to promote LCC.

SGA Support of Student Learning

SGA supports activities and events on campus throughout each semester. They plan and follow through each event until it has been completed, to further student life and interactions on campus. More student to student & student to staff interactions increase student satisfaction on campus.

Student Nurse Organization Mission

The purpose of this organization shall be to:

- Provide input into standards of nursing education and influence the process of education.
- Create opportunity for individual responsibility and leadership.
- Promote understanding between faculty and students.
- Stimulate loyalty to Labette community College.
- Encourage student involvement in extra-curricular activities.
- Assist in preparing students for membership and participation in professional nursing organization.

A further purpose or mission of the organization is to promote coordination of activities between the first- and second-year classes of the Bi-Level Nursing Program, with each class organization functioning under the same Constitution.
